DISTRICT 6 REPORT

For The Quarter Ending March 31, 2020 | FY20-Q3

PREFACE

We are pleased to present the Broward County Public Schools (BCPS) **School Spotlights** specifically designed for our School Board Members serving in county-wide school districts.

SMART (Safety, Music & Art, Athletics, Renovation and Technology) is the \$800 million capital improvement program to upgrade existing school facilities and to purchase new computer technology, athletic equipment and musical instruments to enhance the learning experience of Broward County students.

The **School Spotlight** is a quarterly report that details the progress of facilities projects at each of the 232 schools participating in the *SMART Bond Program*. This District Board Member edition provides a school-district breakdown of all approved renovation projects, projected costs, School Choice Enhancement Program initiatives and other ongoing or scheduled SMART Program projects.

These easy-to-read School Spotlights allow board members to better follow the progress of the facilities improvements within their specific school districts. The Spotlights will be updated every quarter to help board members share timely information with parents, students, school staff, volunteers, business groups, community organizations and other stakeholders as the projects progress.

COMMENTS:

Reason: Delays have occurred in the design phase related to permitting. The design firm has required an above average amount of submissions of the Construction Documents prior to receiving a Letter of Recommendation to permit. Remedy: The delays are not anticipated to be recovered. The construction schedule will be closely monitored to avoid further delays. Update: The project is pending Board award of the contract.

COMMENTS:

Reason: Minor delays have occurred during the design phase and bid and award phase. The design firm took an above average amount of submissions in order to receive a Letter of Recommendation to Permit. The project also required a roofing reality check which caused a delay. The purpose of the reality check is to identify opportunities for cost and scope efficiencies. Remedy: The Letter of Recommendation to Permit has been received and the roofing reality check has been completed. The project is delayed by two quarters. Budget: Additional funding of \$1,325,450 was approved by the Board on 2/4/2020 in conjunction with the approval to award the construction agreement for the project.

11/27/2018

Original contractual date of substantial completion is 4/14/2020. Delay Reason: Delays occurred during construction related to the roofing sub-permit process. The roofing sub-permit required mutlitple submissions for the sub-contractor to receive approval. The subpermit was received in February 2020. A delay of two months was experienced in bid and award due to the roofing reality check. The roofing sub-permit process has delayed the project an additional three months with an estimated Substantial Completion date in August 2020.
