

**The Oversight Committee
For Implementation of the Third Amended and Restated
Interlocal Agreement for Public School Facility Planning
Broward County, Florida**

**ANNUAL STATUS REPORT ON IMPLEMENTATION
OF THE THIRD AMENDED AND RESTATED
INTERLOCAL AGREEMENT FOR PUBLIC SCHOOL
FACILITY PLANNING**

JANUARY – DECEMBER 2020

October 13, 2021

A. INTRODUCTION

In compliance with state law, the Interlocal Agreement for Public School Facility Planning (ILA) was initially entered into by The School Board of Broward County, Florida (School Board), the Broward County Commission, and 26 Municipalities in Broward County in 2003, and became effective that same year. The purpose of the Agreement was to address the coordination of growth management issues with Broward County and the Municipalities and the provision and availability of public school facilities in Broward County. Since then, the Agreement was entered into by another Municipality; therefore, the Agreement is currently between the School Board, the Broward County Commission, and 27 Municipalities. Subsequently, the Agreement was amended three times; once to incorporate Public School Concurrency (PSC) provisions in 2008, and in 2010, to include the utilization of portable capacity in addition to the then existing utilization of permanent capacity (and when combined, are commonly referred to as gross capacity) to calculate the Level of Service Standard (LOS) during the implementation of PSC. In 2015, the School Board initiated the amendment process to again revise the LOS in the Second Amended ILA. Throughout 2016, District staff worked in a collaborative process with the County and Municipal Signatories that resulted in the proposed Third Amended and Restated Interlocal Agreement for Public School Facility Planning (TRILA). The School Board adopted the TRILA in June 2017, followed by Broward County in September 2017, and the Municipal Signatories scheduled adoption through the first part of 2018, garnering the requisite approval of 75% of the Municipal Signatories representing at least 50% of the population within Broward County in May 2018.

Consistent with state law, the ILA is overseen by a fifteen (15) member Oversight Committee that consists of School Board Members, County Commissioner(s), Municipal elected officials, and community stakeholders; five each appointed by the School Board, the Broward County Commission, and the 27 Municipalities through the Broward League of Cities. The Committee meets quarterly each calendar year to conduct public meetings regarding implementation of the Third Amended and Restated ILA and other related matters, and during one of the quarterly meetings, issues the Annual Report required by the Third Amended and Restated ILA to the School Board, Broward County, the 27 Municipalities and the general public regarding the successes and failures of implementation of the Second Amended ILA in the preceding calendar year.

The ILA consists of fifteen (15) Articles. However, this Report only examines thirteen (13) pertinent Articles of the Agreement which contains seventy-seven (77) specific measurable requirements. The Articles are as follows: Recitals; Joint Meetings; Student Enrollment and Population Projections; Coordination and Sharing of Information; School Site Selection, Significant Renovations, and Potential School Site Closures; Supporting Infrastructure; Plan Reviews, Consistency Determination; Public School Concurrency; Collocation and Shared Use; Resolution of Disputes; Oversight Process; Effective Date and Term; and Amendment Procedures.

Additionally, this Report indicates that in 2020, the Signatories to the Amended Agreement generally complied with seventy-four (74) of the seventy-seven (77) specific measurable requirements. However, the Report flags **three (3) areas of the seventy-seven (77) specific requirements that were noncompliant with the ILA.**

Three provisions out of compliance are items 8.2, 8.6 and 8.7. Section 8.6 requires that proposed residential units are reviewed to ensure that adequate school capacity exists prior to or concurrent with the impact of the development while the other two Sections require the Signatories to ensure that their comprehensive plans and land development regulations (LDR) are consistent with the TRILA. However, because the ILA was only recently amended, it will take some time for all of the Signatories to update their comprehensive plans and LDR in accordance with the new LOS contained in the recently adopted TRILA.

It should be noted that even those Municipalities that have not yet met these requirements per provisions of the TRILA, must work with the District to implement public school concurrency as directed by the TRILA.

B. REPORT SUMMARY

Results of the coordination between the School Board, Broward County and the 27 Municipalities regarding compliance with the requirements of the thirteen (13) specific Articles of the Agreement and the seventy-seven (77) specific measurable requirements are delineated below.

Article II: Joint Meetings

Subsection 2.1 of this Article requires the Staff Working Group (SWG), which consists of staff representatives of the Signatories to the Agreement, to meet at least annually to address growth management issues and the provision and availability of public school facilities. However, to ensure that pertinent issues are adequately addressed, the SWG's By-Laws require the SWG to meet quarterly. It should be noted that in 2020, the March meeting was cancelled due to a light agenda. The December meeting was cancelled due to lack of a quorum for an in-person meeting. School Board and Broward County staff representatives and representatives from the Cities of Coral Springs, Cooper City, Dania Beach, Fort Lauderdale, Hallandale Beach, Lauderdale Lakes, Lauderdale-By-The-Sea, Margate, Oakland Park, Parkland, Pembroke Pines, Sunrise, and Tamarac attended all meetings in 2020. The City of Dania Beach and one member from the Broward County Board of County Commissioners did not attend any meetings in 2020. Therefore, the vast majority of Signatories satisfied the provisions of Article II (see Attachment "A").

Article III: Student Enrollment and Population Projections

The School District advised the SWG in December 2020 that its 2021/22-2025/26 five-year student enrollment projections would be delayed until spring semester in 2021 due to severe enrollment anomalies caused by the Covid pandemic and the need for conditions to stabilize in order to produce reliable planning data. In June 2018, Broward County published an update to its Population Forecast and Allocation Model (PFAM). PFAM was produced in 2017 by using as its input, the University of Florida's Bureau of Economic and Business Research (BEBR) detailed population with estimates for 2015 and by incorporating public comment from local government agencies. PFAM assigns the inputted estimates to Broward County's Traffic Analysis Zones (TAZ) and municipalities. The next update to the PFAM is expected to occur following the release of 2020 decennial Census data. Thus, the Signatories did not violate the provisions of this Article.

Article IV: Coordination and Sharing of Information

The Superintendent provided the tentative 2020/21– 2024/25 District Educational Facilities Plan (DEFP) to local governments for review for consistency with their comprehensive plans, and included schools scheduled for renovations in the DEFP.

Also, the District’s 2015-2020 State Educational Plant Five Year Survey Report (Plant Survey) was approved by the School Board on June 9, 2015, validated by the Florida Department of Education (FDOE) on June 12, 2015, and became effective on July 1, 2015. The recommendations in the approved Plant Survey continue to serve as validation of the projects contained in the currently adopted Five-Year DEFP which was reviewed by Broward County and all the Municipalities. Due to unexpected circumstances including the COVID-19 pandemic, Broward County Public Schools (BCPS) staff made a request to the FLDOE to extend the expiration date of the 2015/2020 Plant Survey to a later date. The Florida Department of Education (FLDOE) concurred with the request and in a written notice dated June 18, 2020 to BCPS, the FDOE extended the 2015/2020 Plant Survey’s expiration date from June 30, 2020 to June 30, 2021. Staff will continue to work diligently to generate the District’s 2021/2026 Plant Survey, which when completed and approved by the FLDOE, will become effective in July 2021.

Additionally, the County in conjunction with most of the Municipalities provided growth and development trends data to the School District, and the County provided the list of approved residential plats and adopted land use plan amendments to the Superintendent. All of the Municipalities turned in their information to the District. This is the second consecutive year that this provision has reached 100% compliance. Therefore, the Signatories satisfied the provisions of Article IV.

Article V: School Site Selection, Significant Renovations, and Potential School Site Closures

The Site Review Committee which includes local government representatives did not review any new potential school sites in 2020. There were also no planned closure of existing schools. Furthermore, the School Board included schools scheduled for renovations in the 2020/21– 2024/25 Tentative DEFP that was provided to Broward County and Municipalities. The Signatories satisfied the provisions of Article V.

Article VI: Supporting Infrastructure

The School District continues to work closely with the Municipalities to ensure that the needs of both entities are sufficiently addressed. The School District’s Program Manager staff conducts Design Review Committee Meetings on all major capacity additions and replacement projects during the Schematic and Design Development phases. The City’s needs and ideas are communicated at these meetings. Also, these meetings are open to the public and various other governmental agencies. The School Board requires that Master Plans be developed for all major projects that include replacement of buildings and new additions, and these plans are presented at specific levels of development, with participation by pertinent governmental agencies and Municipal officials. At the directive of the Oversight Committee, representatives of the District’s Office of Facilities and Construction and the SWG worked cooperatively to improve communication processes between the District and the Municipalities on School Board

construction activities regarding major School District projects to ensure that the provisions of Article VI continue to be satisfied.

Article VII: Plan Review; Consistency Determination

The School District continues to participate in Broward County land use plan amendment and platting processes, and other growth management issues. The twenty-seven (27) Municipalities have taken action to include a School Board representative on their Local Planning Agency (LPA). (Subsection 7.2, see Attachment "B"). In 2020, School Board representatives received notices from the Municipalities regarding LPA meetings at which the agency was considering applications that would increase residential density and attended those meetings when appropriate (Subsection 7.2).

In 2020, District staff reviewed thirteen (13) residential land use plan amendments (LUPAs) and one rezoning application that increased density (see Attachment "C"). The developers of the LUPA applications did not proffer voluntary mitigation for the projects (Subsections 7.3 and 7.9).

The appointed School Board member to the Broward County Planning Council (BCPC) routinely attended and participated in BCPC meetings. In 2020, the District reviewed three (3) non-residential LUPA application, and no non-residential rezoning applications, seventeen (17) plat applications, several variances, special exceptions, and vacation petitions, and participated in various growth management meetings. The reports issued for reviewed residential and non-residential LUPA and rezoning applications were classified as "Public Schools Consistency Review". Also, Broward County and the Municipalities considered issues listed in Subsection 7.10 of the Agreement when reviewing comprehensive plans and rezoning applications, and provided workshop notices regarding community development plans to District staff. In 2020, School District staff worked cooperatively to address planning issues involving redevelopment and transportation initiatives that may affect school facilities. Thus, the provisions of Article VII were satisfied by the Signatories.

Article VIII: Public School Concurrency

This Article requires that the County and Municipalities shall ensure that the applications for residential plat or site plan (or their functional equivalent) applications are complete, and the Public School Impact Applications (PSIA) pertaining to the applications are transmitted to the School District for review. This process is to ensure that capacity is available at Broward County Public Schools before such applications are approved and subsequently issued a building permit by the local governments. Subsequently, the County and Municipalities are required to provide quarterly reports to the School District regarding the approval or denial of the reviewed applications. The quarterly reporting process revealed instances of projects obtaining Municipal approval without valid public school concurrency determinations, as required by the ILA. The majority of the provisions of Article VIII were satisfied by the Signatories. However, data indicates that some Municipalities have not amended their comprehensive plans and LDR's to address provisions of the ILA. **Therefore, Subsections 8.2(a), 8.6 (a) and 8.7(a) of the Article need improvement.** It should be noted that because of the recent amendment to the TRILA, the Municipalities will need some time to update their plans and ordinances accordingly. Historically, after an ILA amendment, several years elapse before all Signatories complete the requisite updates to their comprehensive plans and land development regulations.

Article IX: Collocation and Shared Use

This Article encourages the School Board and local governments to, during preparation of the Five-Year DEFP and local government capital improvement plans, collaborate on collocating school facilities with local government civic facilities to enable shared use of the facilities. The Article also outlines processes to address the provision of the collocation and shared use facilities information. The School Board, Broward County, and Municipalities through their staff representatives on the SWG continue to participate in efforts to provide each other with the information on potential collocation facilities, and it is placed as an agenda item for every SWG meeting. The Signatories satisfied the provisions of Article IX.

Article X: Resolution of Disputes

This Article outlines how disputes between the Signatories regarding the Amended Agreement should be resolved. However, since the inception of the Agreement, no dispute has arisen between the Signatories.

Article XI: Oversight Process

This Article authorized the creation of the Oversight Committee. In 2020, the School Board confirmed the reappointment of three (3) of its current representatives; appointed one (1) new representative; the Broward County Commission reappointed one (1) of its representatives, and the Municipalities via the Broward League of Cities appointed one (1) new representative and reappointed one (1) of its representatives to the Committee. Therefore, the Signatories satisfied the provisions of Article XI.

Article XII: Special Provisions

The evaluation of this Article is not necessary.

Article XIII: Effective Date and Term

In 2017, the School Board initiated amendments to the Second Amended ILA that proposed changing the LOS to the higher of: 110% permanent Florida Inventory of School Houses (FISH) capacity or 100% gross capacity. The amendments were memorialized in the TRILA and complied with Section 14.1 (f) of this Amended Agreement. The School Board, Broward County and 26 Municipalities approved the Agreement on the dates depicted in Attachment "D". Therefore, the requirements of Article XIII were met by the Signatories.

Article XIV: Amendment Procedures

In 2015, the School Board formally initiated an amendment to the Agreement at the January 21, 2015 School Board Meeting. The initial draft amendment proposed to modify Section 8.10 of the Agreement to eliminate the sunset date of 2018/19 to keep the LOS at 100% gross FISH capacity. Throughout 2015, the amendment was discussed numerous times by the Oversight Committee and SWG, and notifications regarding the progress of the amendment were shared with all the Signatories via various written correspondence. This collaborative process resulted in significant changes to the proposed LOS, which necessitated that the amendment process be restarted. On June 13, 2017 the School Board adopted the TRILA, which modifies the LOS to the higher of: 100% gross capacity or 110% permanent FISH capacity.

Broward County subsequently adopted the TRILA, followed by the Municipal Signatories through the first part of 2018 with 26 of the 27 Municipal Signatories voting in support of the TRILA. Therefore, the requirements of Article XIV of the Agreement were met by the Signatories.

C. CONCLUSION

The School Board, Broward County, and the 27 Municipalities during the period from January through December 2020 successfully complied with seventy-four (74) of the seventy-seven (77) specific measurable requirements of the Amended ILA but did not comply with three (3) specific measurable requirements. **The specific areas pertain to Municipalities that approved residential projects without valid public school concurrency determinations, and Municipalities that have not amended their comprehensive plans and LDR's to address provisions of the TRILA. Therefore, the cited specific areas need resolution.** However, the Signatories continue to make gradual progress towards resolution.

In conclusion, resolution of the three (3) areas cited in this Annual Report may further the successful implementation of the Third Amended and Restated ILA in future.

**STATUS REPORT ON IMPLEMENTATION OF THE THIRD AMENDED AND RESTATED INTERLOCAL AGREEMENT
FOR PUBLIC SCHOOL FACILITY PLANNING
JANUARY- DECEMBER 2020**

SECTIONS	FREQUENCY	SCHOOL BOARD	BROWARD COUNTY	MUNICIPALITIES
JOINT MEETINGS 2.1 - Hold annual Staff Working Group (SWG) meetings.	Quarterly	Consistently attended by School Board representatives.	Consistently attended by Broward County representatives.	Quorum was met at every regularly scheduled meeting. Attachment "A" depicts representatives that attended meetings and those that did not attend meetings in the period covered by this Annual Report.
2.2 - The SWG shall prepare an annual assessment report on the effectiveness of public school concurrency (PSC).	Annually by December 31 of each year.	Consensus by a majority of the SWG Members is that the pertinent section(s) of the 2020 Annual Report will be used to satisfy this requirement of the Third Amended and Restated ILA.	Consensus by a majority of the SWG Members is that the pertinent section(s) of the 2020 Annual Report will be used to satisfy this requirement of the Third Amended and Restated ILA.	Consensus by a majority of the SWG Members is that the pertinent section(s) of the 2020 Annual Report will be used to satisfy this requirement of the Third Amended and Restated ILA.
STUDENT ENROLLMENT AND POPULATION PROJECTIONS 3.1 - School Board, Broward County and Municipalities to coordinate and base plans upon consistent projections of population and student enrollment. Provide five-year student enrollment and countywide population projections to SWG.	Ongoing	2020/21-2024/25 five-year student enrollment projections are typically published on the Broward County Public Schools (BCPS) website in November. However due to anomalies in enrollment due to the Covid pandemic, the five-year student enrollment projections have been deferred till Spring of 2021 in order for conditions to stabilize and to provide reliable data with which to generate the projections. Notification of this deferrment was communicated to the SWG in December of 2020.	In June 2018, Broward County published an update to its Population Forecast and Allocation Model (PFAM). PFAM was produced in 2017 by using as its input the University of Florida's Bureau of Economic and Business Research (BEER) detailed population with estimates for 2015 and by incorporating public comment from local government agencies. PFAM assigns the inputted estimates to Broward County's Traffic Analysis Zones (TAZ) and municipalities. The next update to the PFAM is expected to occur following the release of 2020 decennial Census data. The US Census will release the data sets used in PFAM beginning in May 2021 through September 2022. A targeted PFAM completion date of May 2022 is dependent on the 2020 Census release calendar matching the 2010 Census, COVID impacts, and new methodology.	The Municipalities review projections when they are available.
3.2 - Superintendent to use student population projections provided by the demographic, revenue, and education estimating conference and development trends data provided by the local governments during preparation of student enrollment projections.	Ongoing	Each year, staff prepares student enrollment projections based on a variety of factors. Such factors are, but not limited to, the demographic cohort survival, proportional share of charter enrollment based on the changes in charter enrollment, and forecasted Certificates of Occupancy supplied by each local government.	N/A	N/A

SECTIONS	FREQUENCY	SCHOOL BOARD	BROWARD COUNTY	MUNICIPALITIES
3.3 - Broward County to provide population projections to verify geographic distribution of countywide public school student projections.	Ongoing	The School District will review the projections when available.	In June 2018, Broward County published an update to its Population Forecast and Allocation Model (PFAM). PFAM was produced in 2017 by using as its input the University of Florida's Bureau of Economic and Business Research (BEBR) detailed population with estimates for 2015 and by incorporating public comment from local government agencies. PFAM assigns the inputted estimates to Broward County's Traffic Analysis Zones (TAZ) and municipalities. The next update to the PFAM is expected to occur following the release of 2020 decennial Census data. The US Census will release the data sets used in PFAM beginning in May 2021 through September 2022. A targeted PFAM completion date of May 2022 is dependent on the 2020 Census release calendar matching the 2010 Census, COVID impacts, and new methodology.	The Municipalities will review the projections when available.
COORDINATION AND SHARING OF INFORMATION 4.1 - Commencing no later than July 30, 2009, and annually thereafter, the Superintendent shall submit the tentative District Educational Facilities Plan (DEFP) to local governments for review for consistency with the local government comprehensive plan.	Annually, July of each year.	The tentative DEFP was provided (by email) to Broward County and Municipalities on July 30 2020. In the correspondence, the entities were advised to share the information with their elected officials and provide necessary comments to District staff.	Broward County received and reviewed the tentative DEFP.	Municipalities received and reviewed the tentative DEFP.
4.2 - Include schools scheduled for renovations in the tentative DEFP.	Annually	The School Board included schools scheduled for renovations in the 2020/21 - 2024/25 tentative DEFP, including the projects paid for with the General Obligation Bond.	N/A	N/A

**STATUS REPORT ON IMPLEMENTATION OF THE THIRD AMENDED AND RESTATED INTERLOCAL AGREEMENT
FOR PUBLIC SCHOOL FACILITY PLANNING
JANUARY- DECEMBER 2020**

SECTIONS	FREQUENCY	SCHOOL BOARD	BROWARD COUNTY	MUNICIPALITIES
4.3 - Coordinate development of the Five-Year Educational Plant Survey with the SWG.	Once in five years.	The District's 2015-2020 State Educational Plant Five Year Survey Report (Plant Survey) was approved by the School Board on June 9, 2015, was validated by the Florida Department of Education (FLDOE) on June 12, 2015, became effective on July 1, 2015 and will remain valid for five years. The recommendations in the approved Five-Year Educational Plant Survey serve as validation of the projects in the tentative and subsequent adopted District Educational Facilities Plan (DEFP) which is reviewed by Broward County and all the Municipalities. The SWG was advised at the September 2019 meeting of the District's current efforts to update the Educational Plant Survey in 2020 and encouraged the SWG to participate in the process when requested. Due to unexpected circumstances including the COVID-19 pandemic, BCPS made a request to the FLDOE to extend the expiration date of the 2015/2020 Plant Survey to a later date. The FLDOE concurred with the request and in a written notice dated June 18, 2020 to BCPS, the FDOE extended the 2015/2020 Plant Survey's expiration date from June 30, 2020 to June 30, 2021. Staff will continue to work diligently to generate the District's 2021/2026 Plant Survey, which approved by the FLDOE, will become effective in July 2021.	N/A	N/A
4.4 - Commencing August 31, 2007 and annually thereafter, the County in conjunction with the Municipalities shall provide the Superintendent with a report on growth and development trends within their jurisdiction.	Annually, by August 31 of each year.	Staff coordinates the collection of five-year municipal Certificate of Occupancy data and receives the development trends report from the Municipalities. For 2020, the Demographics & Enrollment Planning Department received development trends report from all of the Municipalities.	The County in conjunction with the Municipalities provide growth and development trends data to the School District.	The Municipalities submitted the information to the District in time to still be included in the District's five year student enrollment projections.
4.5 - Quarterly, the County to provide a list of residential plats approved by the Broward County Commission during the preceding quarter to the Superintendent.	Quarterly	The School District regularly receives the list of approved residential plats provided by Broward County.	As applicable, Broward County consistently provided this information to the School District on a monthly basis.	N/A
4.6 - The County to provide a list of land use plan amendments adopted or denied by the Broward County Commission to the Superintendent.	Periodically, no later than the 15th day of each month	The School District continually receives the list of adopted or denied land use plan amendments provided by the Broward County Planning Council.	As applicable, Broward County Planning Council consistently provided the information to the School District.	N/A
SCHOOL SITE SELECTION, SIGNIFICANT RENOVATIONS, AND POTENTIAL SCHOOL SITE CLOSURES				
5.1 - School Board staff to review potential sites for new schools, closure of existing schools and significant renovations consistent with School Board Policy 5000. Include the recommendations in the DEFP.	Annually	The Site Review Committee which includes local government representatives did not review any new potential school sites in 2020.	N/A	N/A

**STATUS REPORT ON IMPLEMENTATION OF THE THIRD AMENDED AND RESTATED INTERLOCAL AGREEMENT
FOR PUBLIC SCHOOL FACILITY PLANNING
JANUARY- DECEMBER 2020**

SECTIONS	FREQUENCY	SCHOOL BOARD	BROWARD COUNTY	MUNICIPALITIES
5.2 - Site Review Committee to submit a list of potential new schools, closure of existing schools and renovations to local governments for an informal consistency review with the comprehensive plan.	Periodically	The Site Review Committee which includes local government representatives did not review any new potential school sites in 2020. Additionally, the School Board included schools scheduled for renovations in the 2020/21 - 2024/25 tentative DEFP that was provided to Broward County and Municipalities.	N/A	N/A
Expand the Superintendent's Site Review Committee to include a permanent local government representative and a floating member. Amend School Board Policy 7000 to list membership of the Committee.	As necessary	In 2004, School Board Policy 7000 was amended to include all representatives in accordance with provisions of the Amended Interlocal Agreement, and subsequently amended in 2008 to include additional representatives. In 2014, the Policy underwent additional changes to include clarifications and a reduction in the Committee membership.	Broward County is represented on the Site Review Committee.	The Municipalities are represented on the Site Review Committee.
5.3 - The Superintendent to coordinate site plan information for new schools with affected local governments in accordance with state statutes.	As necessary	With several exceptions, the majority of the work identified in the current ADEFP is for life safety renovations and building envelope repairs. There are no completely new Educational Facilities identified in the 5 year ADEFP for fiscal years 2020/21 to 2024/25 that would require an internal School Board DRC review.	N/A	N/A
5.4 - Pursuant to Section 1013.33(11), at least 60 days prior to acquisition or leasing information of property for new public educational facility, Superintendent to provide written notice to pertinent local government. Local government to provide comments within 45 days indicating plans consistency with local government's land use and comprehensive plan to the Superintendent.	As necessary	The School Board did not acquire any new school sites in 2020.	N/A	N/A

**STATUS REPORT ON IMPLEMENTATION OF THE THIRD AMENDED AND RESTATED INTERLOCAL AGREEMENT
FOR PUBLIC SCHOOL FACILITY PLANNING
JANUARY- DECEMBER 2020**

SECTIONS	FREQUENCY	SCHOOL BOARD	BROWARD COUNTY	MUNICIPALITIES
<p>5.5 - If a local government determines that a proposed school site is consistent with the comprehensive plan pursuant to this Agreement, or at any other time when such a determination is made, the School Board shall follow the procedures contained in Section 1013.33(12), F.S., as may be amended. If a local government determines that the proposed school site is inconsistent with the comprehensive plan, the School Board may request a plan amendment consistent with the local government's plan amendment procedures and requirements.</p>	As necessary	As stated above, the School Board did not acquire any new school sites in 2020.	N/A	N/A
<p>SUPPORTING INFRASTRUCTURE 6.1 - The School Board and affected local governments will jointly determine the need for and timing of on-site and off-site improvements to public facilities necessary to support each new school or proposed significant renovation.</p>	As necessary	The School Board has hired a third-party program manager that continues the adopted process of identifying upcoming construction projects by sending a copy of the Notice to Proceed to the Mayor, City Manager and City Planner for construction projects that are identified as other than routine maintenance.	The County continues to work closely with the School Board, Municipalities and developers.	The Municipalities continue to work closely with the School Board, the County and developers.

SECTIONS	FREQUENCY	SCHOOL BOARD	BROWARD COUNTY	MUNICIPALITIES
<p>PLAN REVIEWS; CONSISTENCY DETERMINATION</p> <p>7.1 - School Board to appoint representatives to sit on Broward County and pertinent municipal local planning agency (LPA).</p>	Immediately	The Signatories of the Third Amended and Restated ILA were sent written notification regarding the appointed School Board's representative to Broward County and Municipalities.	N/A	N/A
7.2 - Local governments to take action to include School Board representatives on LPA and enable the representatives to attend meetings at which the LPA considers comprehensive plan amendments and rezoning applications that would increase residential density.	Immediately	In 2020, School Board representatives attended five (5) Broward County LPA meetings but did not attend any Municipal LPA meetings because either: (i) the Municipalities did not have any LPA meetings that necessitated the representative's attendance, or (ii) because the Municipalities did not provide written notice requesting the Board representative to attend the meetings.	Broward County took action on 8/5/03 to include a School Board representative on the County's LPA.	To date, 27 of the 28 Municipalities listed on the Amended ILA have taken action to include a School Board representative on their LPA. However, it should be noted that the Village of Lazy Lake is the 28th Municipality that thus far has not signed the Agreement.
7.3 - Broward County and Municipalities agree to provide to the Superintendent, rezoning and comprehensive plan amendment applications that will increase residential density. The Superintendent shall review the applications and provide a report indicating anticipated student impact to the local government. The County and Municipalities shall provide deadline for receiving comments from the Superintendent, however, the deadline shall be no less than 30 days from the date the information is provided. The County and Municipalities will provide written quarterly reports to the Superintendent when the application receives final approval.	Quarterly	In 2020, staff reviewed 13 residential land use plan amendments (LUPAs) and 1 rezoning application that increased density. The developers of the LUPA applications did not proffer voluntary mitigation for the project. (See Attachment "C").	Attachment "E-1" depicts quarterly reports provided by Broward County to the School District regarding LUPA applications that were reviewed by the Broward County Planning Council. It also depicts information on approval or denial of the applications by the Broward County Commission.	The LUPA applications reviewed by the District in 2020 were located in the Cities of Coral Springs, Dania Beach, Davie, Deerfield Beach, Fort Lauderdale, Hollywood, Lauderhill, Miramar, Pembroke Pines, Pompano Beach, and Sunrise.

SECTIONS	FREQUENCY	SCHOOL BOARD	BROWARD COUNTY	MUNICIPALITIES
7.4 - School Board to continue participation in the Broward County land use plan amendment review process.	Ongoing	In 2020, the appointed School Board Member to the Broward County Planning Council (BCPC) routinely attended and participated in BCPC meetings.	N/A	N/A
7.5 - School Board to continue to review non-residential development and other pertinent development applications that may affect school properties, and as necessary participate on other growth management issues.	Ongoing	In 2020, the District staff reviewed 3 non-residential LUPA applications, 17 plat applications, several variances, special exceptions, and vacation petitions, and participated in various growth management meetings.	N/A	N/A
7.6 - Broward County and Municipalities to provide public notice of land use and comprehensive plan amendments, rezonings, development of regional impact applications and other residential or mixed-use projects with residential component pending before them that may affect student enrollment, projections and school facilities to the Superintendent. Notice to be provided at the same time as provided to the public under County or Municipal ordinance.	Ongoing	N/A	As applicable, Broward County complied with this requirement in 2020.	As applicable, a majority of the Municipalities complied with this requirement in 2020
7.7 - The review of LUPA and rezoning applications by the Superintendent shall be classified as "Public Schools Consistency Review", and applicants may delineate the residential type, units and bedroom mix of the project if known; if not specified, the review shall be based upon the maximum student generation rates for that residential type.	Ongoing	The reports issued for reviewed residential and non-residential LUPA applications complied with the requirements of this Subsection.	N/A	N/A
7.8 - Written comments provided by the Superintendent to the County and Municipalities regarding the "Public Schools Consistency Review" will specify the anticipated student impact, capacity status of affected schools, depict ten year student enrollment projects by planning area, planned capacity improvements, identify available alternatives, and state that the proposed development will be subject to public school concurrency review at the time of plat and site plan review.	Ongoing	At the minimum, the reports issued for "Public Schools Consistency Review" projects in 2020 contained all the information required by this Subsection.	N/A	N/A

7.9 - If the "Public Schools Consistency Review" indicates that capacity is not available at the impacted school(s), or anticipated in the District Educational Facilities Plan, the applicant may choose to offer, and the School Board may consider the voluntary mitigation to address the anticipated impact. The voluntary mitigation shall be limited to the options listed in this Subsection.	Immediately	No voluntary mitigation was offered for any of the LUPA applications with increased density that were reviewed by the School District in 2020.	N/A	N/A
7.10 - Broward County and Municipalities may consider issues depicted in the Subsection and School Board comments when reviewing comprehensive plan and rezoning applications.	Ongoing	N/A	Broward County as appropriate considers issues depicted in the Subsection, and School District staff comments when reviewing LUPA applications.	The Municipalities as appropriate consider issues depicted in the Subsection, and School District staff comments when reviewing LUPA applications.
7.11 - County and Municipalities to provide notice to the Superintendent to enable the District to participate and provide comments in workshops regarding community development plans that may affect public school facilities.	As necessary	In 2020, School District staff attended no community development plan workshops.	In 2020, the County did not hold community development plan workshops that may affect public school facilities.	In 2020, School District staff did not attend a community development plan workshops for any Municipalities.
PUBLIC SCHOOL CONCURRENCY 8.1 Required Elements of Public School Concurrency 8.1(a) - The amendments to Public School Facilities Element (PSFE) and related amendments to the Capital Improvement Element (CIE) and the Intergovernmental Coordination Element (ICE) in the County and Municipal comprehensive plans to satisfy Sections 163.3177 and 163.3180 F.S. are being adopted into the comprehensive plans of the County and Municipalities concurrently with the execution of the Amended ILA by the County and municipalities.	Immediately	N/A	Attachment "D" shows the County's compliance with this section of the TRILA.	The Municipalities have established PSC management systems within their jurisdictions, and the date the Municipalities amended their comprehensive plans and land development codes to address the provisions of the TRILA are depicted in Attachment "D".

SECTIONS	FREQUENCY	SCHOOL BOARD	BROWARD COUNTY	MUNICIPALITIES
If any school-related element amendment is proposed that affects the uniform district-wide school concurrency system, it shall not become effective in accordance with Section 14.1 (f) of this Amended Agreement. Municipalities and the County may adopt the School Board's adopted Five-Year DEFP either by reference or by restatement of the relevant portions of the adopted Five-Year DEFP, but the Municipalities and the County shall not attempt to modify the adopted Five-Year DEFP. To the extent feasible, the County and Municipalities agree to coordinate the timing of approval of the amendments.		In 2017, the School Board initiated amendments to the Second Amended ILA to modify the LOS to 100% gross capacity or 110% permanent capacity, depending on the school type. The amendments complied with Section 14.1 (f) of this Amended Agreement. In 2018, the requisite number of approvals by the Signatories were established to enable the Third Amended and Restated ILA (and LOS) to become effective.	The Third Amended and Restated ILA was approved by the County in September 2017. In 2018, the requisite number of approvals by the Signatories were established to enable the Third Amended and Restated ILA (and LOS) to become effective.	Twenty-three (23) Municipalities approved the Second Amended ILA in 2010. In 2018, the Third Amended and Restated ILA was approved by twenty six (26) of the twenty-seven (27) Municipal Signatories.
8.1(e) - In addition to the other coordination procedures provided for in this Amended Interlocal Agreement, at the time of the Evaluation and Appraisal Report (EAR), the County and Municipalities shall schedule at least one (1) SWG meeting with the School Board to address needed updates to the school-related plan provisions.	At time of the EAR	The Evaluation and Appraisal Report (EAR) process was a regularly scheduled agenda item at the quarterly SWG meetings in 2020.	Potential EAR issues are consistently placed on the regular SWG agenda, and the County coordinates with the School District on any needed updates.	Potential EAR issues are consistently placed on the regular SWG agenda, and the Municipalities coordinate with the School District and the County on any needed updates.
8.2 Specific Responsibilities (a) Broward County and the Municipalities, within 90 days of the comprehensive plan amendments in accordance with this Amended Agreement becoming effective shall amend their respective Land Development Codes (LDC) and adopt the required Public School Concurrency (PSC) provisions, consistent with the requirements of this Amended Agreement. Such amendment shall include the public school concurrency management system outlining the development review process for proposed residential developments.	Within 90 days of the comprehensive plan amendments becoming effective	N/A	Data depicted in Attachment "D" indicates the date Broward County amended it's comprehensive plan and LDC to adopt PSC provisions in the TRILA.	Data depicted in Attachment "D" indicates the date Municipalities amended their comprehensive plans and LDC's to adopt PSC provisions in the TRILA.

<p>(b) Broward County and the Municipalities, in accordance with the Amended ILA shall: 1.) Not approve or issue any residential plat or site plan (or functional equivalent) that is not exempted or vested pursuant to Subsection 8.11 of this Amended ILA until the District has reported that the school concurrency requirement has been satisfied. 2.) Maintain data for approved residential development that was the subject of PSC review. The data shall be provided to the District in a quarterly report after final approval of the application by the governing body, and must include information stated in this Subsection. 3.) Transmit residential plats and site plans (or their functional equivalents) and proposed amendments to such applications to the District for review and comment, consistent with Subsection 8.13 of this Amended ILA.</p> <p>4.) Commencing August 31, 2007, and annually thereafter as a part of the growth and development trend required by Subsection 4.4, provide the total number of dwelling units issued certificates of occupancy to the School Board.</p>	Ongoing	<p>Attachments "G-1" and "G-2" represent written notice received by the District regarding formal action taken by Broward County and Municipalities on the residential plats, site plans and (functional equivalent) applications reviewed by the District.</p>	<p>Attachment "E-1" depicts quarterly reports provided by Broward County to the School District regarding residential plat applications that were reviewed by Broward County. It also depicts information on approval or denial of the applications by the Broward County Commission.</p>	<p>Attachment "E-2" depicts Municipalities that provided or did not provide quarterly reports during each quarter to the District regarding residential site plan (or functional equivalent) applications processed by the Municipalities. The Attachment also depicts the formal action taken by their governing bodies on the applications.</p>
<p>(c) The School Board shall do the following: 1.) Annually prepare and update its adopted Five-Year DEFP, which for the purposes of PSC shall be considered the financially feasible Five-Year Capital Facilities Plan. The Five-Year Capital Facilities Plan shall reflect the capacity needed to meet the adopted level of service standard (LOS) for each District elementary, middle and high school, during the five year period, but no later than the fifth year of the Five-Year Capital Facilities Plan. 2.) Establish a process to ensure the maximum utilization of permanent capacity at each District elementary, middle and high school and to ensure that the schools are operating at or below the adopted LOS.</p>	Ongoing	<p>The School Board's public hearing was held on September 1, 2020, to adopt the Five-Year DEFP. Additionally, the District has an established process to ensure the maximum utilization of capacity at each elementary, middle and high school, to maintain data regarding capacity availability at elementary, middle and high schools, and has an established mechanism for the review of proportionate share mitigation.</p>	N/A	N/A

SECTIONS	FREQUENCY	SCHOOL BOARD	BROWARD COUNTY	MUNICIPALITIES
(c) 3.) Commencing October 15, 2009, and annually thereafter, provide the County and Municipalities with the required School District data related to PSC, and related analysis needed to amend or annually update their comprehensive plans. 4.) Review proposed plat and site plan (or functional equivalent) applications for compliance with PSC requirements. 5.) As a component of the District's PSC management system, maintain data regarding available capacity at the District's elementary, middle and high school within each CSA after factoring the student impact anticipated from the proposed residential development into the database. 6.) Review proposed proportionate share mitigation options for new residential development, and determine acceptability of such mitigation options. 7.) Prior to the effective date of PSC, amend School Board Policy 1161 to incorporate PSC provisions and delineate the District's PSC management system. 8.) As necessary, amend the DEFP to incorporate funds accepted as proportionate share mitigation.	Ongoing	Typically prior to the end of the calendar year, the District provides Broward County and the Municipalities with the required School District data related to PSC, and related analysis needed to amend or annually update their comprehensive plans. However, due to the delay in the student enrollment projections from the anomalies caused by the Covid pandemic, the supporting data and analysis for the comprehensive plans will be provided in spring 2021. Plat and site plan (or functional equivalent) applications reviewed in 2020 for PSC determinations are depicted in Attachment "G-1" and "G-2". The District also updated periodically and published, the "Public School Concurrency Planning Document" (PSCPD), which is used to maintain data regarding available capacity at each elementary, middle and high school after factoring the student impact anticipated from proposed residential developments.	N/A	N/A
8.3 Adopted School Board DEFP (a) Same requirement as Subsection 8.2(c)(1)	Annually, on or before September 30th	Same as above	N/A	N/A
(b) At the minimum, the adopted Five-Year DEFP and each annual update shall specify all new construction, expansion and remodeling, which will add permanent capacity to elementary, middle and high schools, and also include information specified in Subsection 4.1 of this Amended Agreement.	Same as above	The School Board adopted the Five-Year DEFP on September 1, 2020, and the adopted Plan was subsequently made available to the County and Municipalities online.	N/A	N/A

(c) The adopted Five-Year DEFP and each annual update shall include a description of each school project, a listing of funds to be spent in each fiscal year for the planning, preparation, land acquisition, and the actual construction and remodeling of each pertinent school project which adds capacity or modernizes existing facilities; the amount of capacity added, if any; and a generalized location map for planned new schools. Such location maps shall be considered as data and analysis in support of the PSFE of the County's and Municipalities' Comprehensive Plans.	Same as above	The School Board adopted the Five-Year DEFP on September 1, 2020, and the adopted Plan was subsequently made available to the County and Municipalities online.	N/A	N/A
(d) The adopted Five-Year DEFP and each annual update shall identify the five-year projected student enrollment, permanent capacity and utilization percentage of all elementary, middle and high schools.	Same as above	The School Board adopted the Five-Year DEFP on September 1, 2020, and the adopted Plan was subsequently made available to the County and Municipalities online.	N/A	N/A
(e) The adopted school boundaries for each elementary, middle and high school, as annually conducted by the School Board shall also become the adopted concurrency service area (as referenced in Section 8.8), and shall be consistent with permanent capacity additions reflected in the adopted Five-Year DEFP. The school boundaries maps shall be considered as data and analysis in support of the PSFE of the County's and Municipalities' Comprehensive Plans.	Same as above	On April 14, 2020, the School Board adopted the 2020/21 school boundaries (effective CSAs) for elementary, middle, and high schools. The adopted school boundaries are consistent with permanent capacity additions reflected in the adopted Five-Year DEFP.	N/A	N/A
8.4 Transmittal (a) In addition to the provisions pertaining to the Tentative District Educational Facilities Plan as delineated in Article IV of this Amended Agreement, the School Board, upon completion and adoption of the Five-Year DEFP, shall make the DEFP available to the Local Governments no later than thirty (30) days after adoption of the District Educational Facilities Plan.	No later than 30 days after adoption	The School Board adopted the Five-Year DEFP on September 1, 2020, and the adopted Plan was subsequently made available to the County and Municipalities online. 8.7 Commencement (a) PSC described in this Amended Agreement shall commence upon the comprehensive plan amendments related to the PSFE by the County and Municipalities becoming effective, and the execution of this Amended Agreement by the parties identified herein.	As applicable to the entity	In compliance with Subsection 8.2(c)(7), the School Board amended and adopted School Board Policy 1161 on January 15, 2008 and commenced implementation of PSC on February 1, 2008. Subsequently, the School Board incorporated pertinent provisions of the ILA needed to implement PSC into Policy 1161 and adopted the amended Policy on November 9, 2010. School Board Policy 1161 was amended on December 4, 2018 to comply with the Third Amended and Restated ILA.	PSC is currently effective in Broward County. Subsequently, the County amended pertinent provisions of the ILA to incorporate PSC into its comprehensive plan. The third amendment of the ILA modifying the LOS for PSC only obtained the requisite approvals to pass in mid-2018, and the subsequent required amendments to the local governments' comprehensive plans are underway and depicted in Attachment "D".	PSC is currently effective in the Municipalities. Subsequently, the Municipalities amended pertinent provisions of the ILA needed to implement PSC into their comprehensive plans. The Third Amendment modifying the LOS for PSC only obtained the requisite approvals to pass in mid-2018, and the subsequent required amendments to the local governments' comprehensive plans are underway and depicted in Attachment "D".
8.8 Concurrence Service Areas EVALUATION OF SUBSECTIONS (a) (b) and (c) IS NOT NECESSARY				
8.9 Adoption of Concurrence Service Areas (a) Adoption of the CSA's shall be as delineated in School Board Policy 5000 to be amended consistent with the Amended Agreement, and as may be amended from time to time.	Ongoing	As required, the adoption of the CSA's are delineated in School Board Policy 5000. On April 14, 2020, the School Board adopted the 2020/21 effective CSAs for elementary, middle, and high schools.	N/A	N/A
(b) No later than forty-five (45) days after adoption of the CSAs, the School District shall transmit the new CSAs to the County and Municipalities. The County and Municipalities shall incorporate the adopted "Annual School Attendance Areas/Boundaries and School Usage Report" and the School Board's process for modification of the CSA's contained in the "Annual School Attendance Areas/Boundaries and School Usage Report" as data and analysis in support of the PSFE of their Comprehensive Plans.	Ongoing	On April 14, 2020, the School Board adopted the 2020/21 effective CSA's for elementary, middle, high, and combinations school boundaries, and they were incorporated into the data and analysis in support of the PSFE of the comprehensive plan. (g) Issuance and Term of Public School concurrency - EVALUATION OF THIS SUBSECTION IS NOT NECESSARY				
8.14 Proportionate Share Mitigation (a) The School Board shall consider proportionate share mitigation pursuant to provisions of this Amended Agreement. Such consideration shall be consistent with the mitigation provisions outlined herein and delineated in School Board Policy 1161, to be amended consistent with this Amended Agreement and as may be amended from time to time, regarding PSC. If the proposed mitigation option is accepted and deemed financially feasible by the School Board, the applicant or Local Government shall enter into an enforceable and binding agreement.	Ongoing	In 2020, no developer proffered proportionate share mitigation.	N/A	N/A
(b) EVALUATION OF THIS SUBSECTION IS NOT NECESSARY				
8.15 Proportionate Share Mitigation Options EVALUATION OF THE ENTIRE SUBSECTION 8.15 IS NOT NECESSARY				
8.16 Formula for the Calculation of Proportionate Share Mitigation Options (a) EVALUATION OF THIS SUBSECTION IS NOT NECESSARY				
(b) A Mitigation contribution provided by a Developer to offset the impact of a residential development must be directed by the School Board toward a permanent school capacity project identified in the first three years of the School District's adopted Five-Year DEFP, or as appropriate, scheduled as a new project in the first three years of the adopted Five-Year DEFP. If the School Board accepts proportionate share mitigation based on the latter, the Board shall amend the adopted Five-Year DEFP to include the proportionate share amount or value of the mitigation. Capacity projects identified within the first three (3) years of the Five-Year Capital Facility Plan shall be considered as committed in accordance with the pertinent Sections of this Amended Agreement.	Ongoing	In 2020, no developer proffered proportionate share mitigation.	N/A	N/A

FOR PUBLIC SCHOOL FACILITY PLANNING
JANUARY- DECEMBER 2020**

SECTIONS	FREQUENCY	SCHOOL BOARD	BROWARD COUNTY	MUNICIPALITIES
(c) If capacity projects are planned in years four (4) or five (5) of the School Board's adopted Five-Year DEFP within the same CSA as the proposed residential development, and if the School Board agrees, the Developer may pay his proportionate share to advance the improvement into the first three years of the adopted Five-Year DEFP to mitigate the proposed development in accordance with the formula provided herein.	Ongoing	In 2020, no developer proffered proportionate share mitigation.	N/A	N/A
(d) Guidelines for the expenditure of proportionate share mitigation funds towards permanent capacity identified in the adopted Five-Year DEFP, shall be as follows: 1. The School Board shall utilize monies paid by applicants, to provide needed permanent capacity at those schools identified in the District's development review report as being impacted by the development. 2. If site constraints or other feasibility issues make it impracticable for the School Board to provide the needed permanent capacity at the affected school(s) as delineated above, as feasible, the School Board will make efforts to provide the needed capacity at school(s) located immediately adjacent to the primarily impacted CSA(s) as found in the current Adopted Five-Year DEFP (s), thus relieving overcrowding at the primary identified impacted school(s).	Ongoing	Same as above	N/A	N/A
3. If disbursement of the mitigation funds is not possible as outlined above, the funds will be spent in the applicable school impact fee service area delineated in the adopted BCLDC in a manner that ensures that the impact of the development is still addressed at the primary affected CSA or an adjacent CSA.	Ongoing	Same as above	N/A	N/A

SECTIONS	FREQUENCY	SCHOOL BOARD	BROWARD COUNTY	MUNICIPALITIES
<p>8.17 Appeal Process A Developer or Local Government receiving a SCAD Letter that indicates permanent capacity is not available may implement the applicable process outlined below.</p>				
<p>(a) A Developer adversely impacted by a SCAD Letter made as a part of the PSC process may appeal such determination by written request to the School Board.</p>	Ongoing	None of the SCAD Letters issued by the School District in 2020 were appealed by developers.	N/A	N/A
<p>(b) If the School Board rules in favor of the Developer, School District staff shall issue a subsequent SCAD Letter based on the decision of the School Board. If the School Board does not rule in favor of the Developer or upholds the decision of District staff, the Developer may elect to pursue other appropriate measures.</p>	Ongoing	None of the SCAD Letters issued by the School District in 2020 were appealed by developers.	N/A	N/A
<p>(c) A Developer adversely impacted by a non-acceptance of proposed proportionate share mitigation made as a part of the PSC process may elect to pursue other appropriate measures.</p>	Ongoing	In 2020, no developer proffered proportionate share mitigation.	N/A	N/A
<p>(d) A Developer adversely impacted by a Local Government decision made as a part of the PSC process may appeal such decision using the process identified in the Local Government's regulations for appeal of development orders.</p>	Ongoing	N/A	In 2020, no developer appealed a public school concurrency decision made by Broward County.	In 2020, no developer appealed a public school concurrency decision made by a Municipality.
<p>(e) A Local Government adversely impacted by a SCAD Letter made as a part of the PSC process may initiate the process outlined in Subsection 10.1(a) of this Amended Agreement. If the issue cannot be resolved, the Local Government may appeal such determination to the School Board. If the Local Government is not satisfied with the decision of the School Board, the Local Government or the School Board may seek an advisory opinion from the Oversight Committee. If either the School Board or the Local Government is not satisfied with the opinion of the Oversight Committee, either party may pursue the process outlined in Subsection 10.1.(b) of this Amended Agreement.</p>	Ongoing	None of the SCAD Letters issued by the School District in 2020 were appealed by local governments.	N/A	N/A

SECTIONS	FREQUENCY	SCHOOL BOARD	BROWARD COUNTY	MUNICIPALITIES
(f) If the School Board does not accept proportionate share mitigation proposed by a Local Government, and such decision results in a dispute between the entities, the Local Government or the School Board may seek an advisory opinion from the Oversight Committee. If the Local Government is not satisfied with the opinion of the Oversight Committee, either party may pursue the process outlined in Subsection 10.1.(b) of this Amended Agreement.	Ongoing	In 2020, no local government proposed proportionate share mitigation to the School District for consideration.	N/A	N/A
COLLOCATION AND SHARED USE				
9.1 - During preparation of the DEFP and local government capital improvement plans, the School Board and local governments are encouraged to collocate school facilities with local government civic facilities to enable shared use of the facilities.	Ongoing	The School Board, through its staff representative on the SWG, continues to participate in the collocation efforts.	Broward County, through its staff representative on the SWG, continues to participate in the collocation efforts.	Municipalities, through their SWG staff representatives, continue to participate in the collocation efforts.
9.2 - To enable the collocation/shared use of public school facilities with Local Government/civic facilities, the Local Governments shall in January of each year provide to the SWG information on Local Government public/civic facilities planned for inclusion in its five-year capital improvements plan that could potentially be collocated with public school facilities. Upon receipt of the information, the SWG shall forward the information to the School District. Also, the Local Governments shall examine the annually submitted School Board's Five-Year Tentative DEFP provided pursuant to Subsection 4.1 of this Amended Agreement, and include in the written comments back to the School District information regarding the potential public/civic facilities that could be collocated with planned new schools delineated in the Five-Year Tentative DEFP.	January of each year/ongoing	In 2020, the School District did not receive any information via the SWG regarding the new opportunities for collocation of future local government public/civic facilities. This is because the County and Municipalities indicated that there were no new public/civic facilities in their five-year capital improvements plan that could potentially be collocated with public school facilities.	In 2020, Broward County indicated that there were no new public/civic facilities in its five-year capital improvements plan that could potentially be collocated with public school facilities.	In 2020, Municipalities indicated that there were no new public/civic facilities in their five-year capital improvements plan that could potentially be collocated with public school facilities.

JANUARY- DECEMBER 2020**

SECTIONS	FREQUENCY	SCHOOL BOARD	BROWARD COUNTY	MUNICIPALITIES
This requirement shall not prevent the Local Government from providing information on collocation to the SWG throughout the calendar year. Information provided to the SWG and School District shall at the minimum include the planned type of public facility, acreage and location/parcel map. Information provided shall be in hard copy and electronic copy. Upon receiving such information, the School District shall organize meetings with the subject Local Government(s) to further pursue and work towards the collocation of the facilities. The entities shall notify the SWG of their efforts toward collocation of the subject facilities. As part of efforts toward the collocation of such facilities in Broward County, the SWG shall include in all of its meeting agendas, an agenda item relating to the provision information regarding collocation as stated herein. Subsequently, the SWG shall in its report to the Oversight Committee, advise the Committee of ongoing efforts toward collocation, including information on certificates of occupancy to the School Board.		Same as above	Same as above	Same as above
9.3 - Separate legal agreement to address each collocated facility.	As necessary	The School Board has one (1) Recreation License Agreement (formerly known as Master Recreation Lease Agreement) with the Broward County Sheriff's Department and with eighteen (18) Municipalities. It also has Reciprocal Use Agreements with sixteen (16) Municipalities.	Broward County Sheriff's Department has one (1) Recreation License Agreement (RLA) with the School Board.	Eighteen (18) Municipalities have RLAs with the School Board. Also, sixteen (16) Municipalities have Reciprocal Use Agreements with the School Board.
RESOLUTION OF DISPUTES 10.1 - Dispute Resolution	As necessary	In 2020, the School Board did not invoke and was not involved in dispute resolution regarding the Agreement.	In 2020, Broward County did not invoke and was not involved in dispute resolution regarding the Agreement.	In 2020, no Municipality invoked nor was involved in dispute resolution regarding the Agreement.
OVERSIGHT PROCESS 11.1 - The School Board, Broward County and Municipalities to each appoint five representatives to the Oversight Committee.	Immediately	At a School Board meeting on December 15, 2020, the School Board reappointed one (1) representative to the Oversight Committee, and at the November 17, 2020 Organizational Meeting, the School Board confirmed the continued participation of two (2) of its currently appointed members and appointed one (1) new member.	In 2020, Broward County reappointed one (1) of their representatives to the Oversight Committee. One (1) member resigned.	In 2020, the Broward League of Cities reappointed one (1) of its representatives to the Oversight Committee and appointed one (1) new member in 2020.
11.2 - Municipalities to appoint their five representatives to the Oversight Committee through a mutually agreeable process.	Immediately	N/A	N/A	The Municipalities continue to appoint Municipal representatives to the Committee through the Broward League of Cities.
11.3 - THIS SUBSECTION IS NOT NECESSARY FOR EVALUATION

SECTIONS	FREQUENCY	SCHOOL BOARD	BROWARD COUNTY	MUNICIPALITIES
SPECIAL PROVISIONS 12.1 - THE ABOVE SUBSECTION IS NOT NECESSARY FOR EVALUATION				
EFFECTIVE DATE AND TERM 13.1 - This Amended Agreement shall become effective upon the signatures of the School Board, the County and at least seventy-five percent (75%) of the Municipalities which include at least fifty percent (50%) of the population within Broward County. This Amended Agreement may be cancelled by mutual agreement of the School Board, the County and the respective Municipalities, unless otherwise cancelled as provided or allowed by law.	Prior to December 31, 2008, and Dates for Proposed Amendments	In the 2009/10 school year, the School Board initiated amendments to the Amended ILA that proposed changing the LOS from 110% permanent FISH capacity to 100% gross capacity through the 2018/19 school year. The amendments were memorialized in the Second Amended ILA and complied with Section 14.1 (f) of this Amended Agreement. In 2017, the School Board approved a third amendment to the ILA to modify the LOS to 100% gross capacity or 110% permanent capacity, depending on the school type. This approval date is depicted in Attachment "D".	Broward County approved the third amendment to the ILA in September 2017, as depicted in Attachment "D".	The third amendment of the ILA received the requisite number of approvals in 2018 to become effective. The approval dates associated with the third amendment is depicted in Attachment "D"
AMENDMENT PROCEDURES 14.1 Process to Amend the Interlocal Agreement - NOT NECESSARY TO DEPICT PROCESS IN THIS REPORT	Ongoing	The most recent amendment to the ILA was proposed by the School Board and on June 13, 2017, the School Board approved a third amendment to the ILA to modify the LOS to 100% gross capacity or 110% permanent capacity, depending on the school type.	In 2020, Broward County did not propose any amendments to the Amended ILA.	In 2020, the Municipalities did not propose any amendments to the Amended ILA.
MISCELLANEOUS 15 - THE ABOVE SUBSECTION IS NOT NECESSARY FOR EVALUATION
