A. INTRODUCTION

In compliance with state law, the Interlocal Agreement for Public School Facility Planning (ILA) was initially entered into by The School Board of Broward County, Florida (School Board), the Broward County Commission, and 26 Broward County Municipalities in 2003, and became effective later in the year.

The main purpose of the ILA was to comply with the then-state law and enable the School Board, the Broward County Commission, and the 26 Broward County Municipalities to coordinate and address the impact of proposed residential developments, growth management issues, and the provision and availability of public-school facilities in Broward County to serve students anticipated from the proposed residential developments. Upon the effectiveness of the ILA, the City of West Park became a signatory to the ILA in 2008; thereafter, parties to the ILA therefrom, became between the School Board, the Broward County Commission, and 27 Municipalities. Subsequently, the ILA was amended three times in the following manner:

1. The first time was in 2007 to comply with new state law which required the incorporation and implementation of Public-School Concurrency (PSC) provisions in the ILA. In compliance with this state mandate, the ILA was amended to include PSC, along with the establishment of the initial Level of Service Standard (LOS) as 100% of permanent capacity.
2. In 2010, the ILA was amended for the second time. This amendment was initiated by the School Board, primarily to amend the LOS in the ILA to include and allow the utilization of portable capacity (in addition to the then existing utilization of permanent capacity); and upon this incorporation, the newly amended and adopted LOS became commonly referred to as gross capacity, because it consisted of utilizing capacities from the permanent buildings and portable facilities located at the elementary, middle, and high school campuses. to determine the availability of capacity against the student impact anticipated from proposed residential developments.
3. In 2015, the ILA was amended for the third time. This amendment was initiated by the School Board to again amend the LOS in the ILA, for the sole purpose of adopting a new LOS that considered and reflected the presence or no presence of portables at each elementary, middle, and high school campus, and therefore, to reflect in the LOS calculations for each school level, this presence, or no presence of portables on the school campuses.

As with the prior amendments pertinent Broward County Public Schools (BCPS) staff worked collaboratively with Broward County and municipal Signatories staff to craft revisions to pertinent provisions of the ILA, and the LOS, which was amended from gross capacity to the following: the higher of 100% gross capacity or 110% permanent capacity. Thereafter, the School Board adopted the amendment in June 2017, followed by Broward County in September 2017, and the Municipal Signatories scheduled adoption through the first part of 2018, garnering the requisite approval of 75% of the Municipal Signatories representing at least 50% of the population within Broward County in May 2018. Due to this amendment, the ILA therefrom became commonly referenced as the Third Amended and Restated Interlocal Agreement for Public School Facility Planning (TRILA).

Consistent with state law, the TRILA is overseen by a fifteen (15) member Oversight Committee that consists of School Board Members, County Commissioner(s), municipal elected officials, and community stakeholders; five of the School Board representatives appointed by the School Board, five of the Broward County Commission representatives appointed by the Broward County Commission, and five of the 27 municipal representatives appointed by the Broward League of Cities. The Committee historically meets quarterly each calendar year to conduct public meetings regarding the implementation of the TRILA and other related matters, and during one of the quarterly meetings, issues the Annual Report required by the TRILA to the School Board, Broward County, the 27 Municipalities, and the public regarding the successes and failures of implementation of the TRILA in the preceding calendar year.

Also, the TRILA required the creation of the Staff Working Group (SWG) which is comprised of staff representatives from the School Board, Broward County, and the municipalities. Primarily, the SWG is tasked with meeting and working collaboratively to ensure the implementation of pertinent provisions of the TRILA. Since its inception, the SWG has met quarterly during each calendar year to discuss issues and formulate recommendations regarding the coordination of land use and school facilities planning, and to comply with PSC requirements, including such issues as population and student projections, development trends, school needs, co-location, and joint use opportunities, ancillary infrastructure improvements needed to support the schools and safe student access. Additionally, the SWG generates the initial draft Annual Report called for in the TRILA, votes to approve the draft Report, and thereafter, transmits the draft Annual Report to the Oversight Committee for review, discussion, and eventual formal approval and issuance of the Report by the Oversight Committee.

The TRILA consists of fifteen (15) Articles. However, this Report only examined thirteen (13) pertinent Articles of the TRILA which contains seventy-seven (77) specific measurable requirements. The Articles are as follows: Recitals; Joint Meetings; Student Enrollment and Population Projections; Coordination and Sharing of Information; School Site Selection, Significant Renovations, and Potential School Site Closures; Supporting Infrastructure; Plan Reviews, Consistency Determination; Public School Concurrency; Collocation and Shared Use; Resolution of Disputes; Oversight Process; Effective Date and Term; and Amendment Procedures.

Additionally, this Report indicates that in 2023, the Signatories to the TRILA generally complied with seventy-five (75) of the seventy-seven (77) specific measurable requirements. However, the Report flags **two (2) areas of the seventy-seven (77) specific requirements that were noncompliant with the TRILA.**

The two provisions that are out of compliance are items 8.2(a) and 8.7(a), which require the Signatories to ensure that their comprehensive plans and land development regulations (LDR) are consistent with the TRILA. However, each time the ILA was amended, it has historically taken some time for all the Signatories to update their comprehensive plans and LDRs and each year the Signatories continue to make progress towards compliance with these provisions.

It should be noted that even those Municipalities that have not yet met these requirements per provisions of the TRILA, municipalities must work in conjunction with BCPS to implement PSC requirements as dictated by the TRILA.

B. REPORT SUMMARY

Results of the coordination between the School Board, Broward County, and the 27 municipalities regarding compliance with the requirements of the thirteen (13) specific Articles of the TRILA and the seventy-seven (77) specific measurable requirements are delineated below. It should be noted that for simplicity, only a general summary of the requirements of each Article, and how the requirements were met or not met is given. However, a concise description of each specific requirement of the Articles is delineated in the attachment to this Annual Report titled **“2023 Annual Report – Implementation of the TRILA Provisions”**.

Article II: Joint Meetings - General Summary of Requirements

This Article requires the SWG to hold annual meetings. However, the SWG’s By-Laws require the SWG to meet quarterly to ensure that pertinent issues are adequately addressed. Also, the Article requires the SWG to prepare an annual assessment report (which is codified in the Annual Report) on the effectiveness of public-school concurrency (PSC).

Status of Compliance

The SWG met three times in 2023, and representatives of the signatories to the TRILA who attended or did not attend the SWG meetings in 2023 are depicted in Attachment “A”. Also, the Attachment indicates that the Cities of Lauderhill, Parkland, Pembroke Park, and West Park did not attend any of the SWG meetings in 2023. However, to ensure effective attendance, BCPS staff reached out to each cited City, after it had missed the September 2023 SWG meeting, and encouraged them to make efforts to attend the next SWG meetings that were scheduled in 2023.

Overall, attendance at SWG meetings improved in 2023 from the prior year. **Therefore, most of the Signatories to the TRILA satisfied the provisions of Article II.**

Article III: Student Enrollment and Population Projections - General Summary of Requirements

This Article requires the School Board, Broward County, and the municipalities to coordinate and base their plans on the consistent projections of the population in Broward County and student enrollment. Subsequently, the School Board is required to utilize the data as a component of the calculations of its five-year student enrollment projections, and for Broward County and the School Board to respectively provide countywide population projections and five-year student enrollment projections to the SWG.

Status of Compliance

BCPS provided the 2023/2024-2027/2028 five-year student enrollment projections data to the SWG in November 2023. In June 2018, Broward County published an update to its Population Forecast and Allocation Model (PFAM). PFAM was produced in 2017 by using as its input, the University of Florida’s Bureau of Economic and Business Research (BEBR) detailed population with estimates for 2015 and by incorporating public comment from local government agencies. PFAM assigns the inputted estimates to Broward County’s Traffic Analysis Zones (TAZ) and municipalities. Additional Census 2020 results

needed for the PFAM data were released between May-August 2023. Therefore, the next update to PFAM is targeted for December 2023. **Therefore, the Signatories satisfied the provisions of Article III.**

Article IV: Coordination and Sharing of Information - General Summary of Requirements

This Article requires the following:

1. Annually, the Superintendent shall submit the tentative District Educational Facilities Plan (TDEFP) to Broward County and the municipalities for review, for consistency with their comprehensive plans; and to include schools slated for renovation in the tentative DEFP.
2. The School Board to coordinate the development of the Five-Year Educational Plant Survey with the SWG.
3. Annually, for Broward County in conjunction with the municipalities to provide the Superintendent with a report on growth and development trends within their jurisdiction.
4. Quarterly, for Broward County to provide the list of residential plats approved by the Broward County Commission to the Superintendent.
5. Broward County to provide a list of land use plan amendments adopted or denied by the Broward County Commission to the Superintendent.

Status of Compliance

On July 20, 2023, the Superintendent provided the tentative 2023/2024– 2027/2028 TDEFP to Broward County and municipalities for review for consistency with their comprehensive plans, and included schools scheduled for renovations in the TDEFP.

BCPS staff discussed the development of the BCPS's 2021-2026 State Educational Plant Five-Year Survey Report (Plant Survey) with the SWG during its development in 2020. Subsequently, the Plant Survey was approved by the School Board on June 15, 2021, was validated by the Florida Department of Education (FLDOE) on June 16, 2021, became effective on July 1, 2021, and will remain valid for five years.

Additionally, Broward County in conjunction with most of the municipalities, provided growth and development trends data to BCPS, and Broward County provided the list of approved residential plats and adopted land use plan amendments to the Superintendent. **Therefore, the Signatories satisfied the provisions of Article IV.**

Article V: School Site Selection, Significant Renovations, and Potential School Site Closures - General Summary of Requirements

This Article requires the following:

1. BCPS staff to review potential sites for new schools, closure of existing schools, and significant renovations to schools, consistent with School Board Policy 5000, and include the recommendations in the DEFP.
2. The Site Review Committee to submit a list of potential new schools, the closure of existing schools, and renovations to schools to local governments for their informal consistency review with the comprehensive plan.
3. Include a permanent local government representative and a floating member of the Site Review Committee.
4. The Superintendent to coordinate site plan information for new schools with affected local governments in accordance with state statutes.
5. The superintendent is to provide written notice to pertinent local government at least 60 days prior to the School Board's acquisition or leasing information of property for a new public educational facility; and the local government to within 45 days, provide comments to the Superintendent indicating that School Board plans are consistency with the local government's land use and comprehensive plan.
6. If a local government determines that a proposed school site is consistent with the comprehensive plan, the School Board shall follow the procedures contained in the effective Section 1013.33(12), F.S. If a local government determines that the proposed school site is inconsistent with the comprehensive plan, the School Board may request a plan amendment consistent with the local government's plan amendment procedures and requirements.

Status of Compliance

In 2023, BCPS staff did not review potential sites for new schools, and the closure of existing schools since the need did not arise.

Likewise, the Site Review Committee did not review any new potential school sites in 2023, and there were no planned closures of existing schools. The School Board included schools scheduled for renovations in the 2023/2024 – 2027/2028 TDEFP that was provided to Broward County and the municipalities. Also, the School Board did not acquire any real property. **Therefore, the signatories satisfied the provisions of Article V.**

Article VI: Supporting Infrastructure - General Summary of Requirements

This Article requires that the School Board and affected local governments shall jointly determine the need for and timing of on-site and off-site improvements to public facilities necessary to support each new school or proposed significant renovation.

Status of Compliance

In 2023, BCPS worked collaboratively with local governments to ensure that the needs of both entities are sufficiently addressed. **Therefore, the Signatories satisfied the provisions of Article VI.**

Article VII: Plan Review; Consistency Determination - General Summary of Requirements

This Article requires the following:

1. The School Board to appoint representatives to sit on Broward County and pertinent municipal local planning agency (LPA), and the local governments to take action to include School Board representatives in LPA and allow the representatives to attend LPA meetings when the LPA considers comprehensive plan amendments and rezoning applications that would increase residential density.
2. Broward County and municipalities shall provide to the Superintendent, rezoning and comprehensive plan amendment applications that will increase residential density. Subsequently, the Superintendent shall review the applications and provide a report indicating the student impact anticipated from the applications to the local government. Broward County and municipalities shall provide a deadline to receive the comment, however, that deadline shall be no less than 30 days from the date the information is provided.
3. Broward County and municipalities will provide written quarterly reports to the Superintendent when the applications receive final approval.
4. The School Board shall continue to participate in the Broward County land use plan amendment review process.
5. The School Board shall continue to review non-residential development and other pertinent development applications that may affect school properties, and as necessary participate in other growth management issues.
6. Broward County and municipalities shall provide public notice of land use and comprehensive plan amendments, rezonings, development of regional impact applications, and other residential or mixed-use projects with residential components that may affect student enrollment, projections, and school facilities to the Superintendent.
7. The LUPA and rezoning applications reviewed by the Superintendent shall be classified as "Public Schools Consistency Review", and applicants may delineate the residential type, units, and bedroom mix of the project if known; if not specified, the review shall be based upon the maximum student generation rates for that residential type.
8. The "Public Schools Consistency Review" provided by the Superintendent to Broward County and the municipalities shall specify:
 - a. The student impact anticipated from the proposed development applications.

- b. The capacity of the affected schools.
 - c. Depict ten-year student enrollment projects by planning area.
 - d. Depict planned capacity improvements.
 - e. Identify available alternatives, and state that the proposed development will be subject to PSC review at the plat and site plan phase of development review.
9. If the "Public Schools Consistency Review" indicates that capacity is not available at the impacted school(s), or anticipated in the DEFP, the applicant may choose to offer, and the School Board may consider the voluntary mitigation to address the anticipated student impact. The voluntary mitigation shall be limited to the options listed in this Subsection.
10. When reviewing comprehensive plan and rezoning applications, Broward County and the municipalities may consider issues depicted in this subsection and the School Board's "Public Schools Consistency Review".
11. Broward County and the municipalities shall provide notice to the Superintendent to enable BCPS to participate and provide comments in workshops regarding community development plans that may affect public school facilities.

Status of Compliance

The School Board complied with all its obligations called for in Article VII, which compliance to each subsection of the Article is specifically stated in the document titled "2023 Annual Report – Implementation of the TRILA Provisions".

Likewise, Broward County and the municipalities complied with all their obligations as called for in Article VII, which compliance to each subsection of the Article is specifically stated in the document titled "2023 Annual Report – Implementation of the TRILA Provisions".

Article VIII: Public School Concurrency - General Summary of Requirements

Overall, this Article requires that Broward County and the municipalities shall ensure that the applications for residential plat or site plan (or their functional equivalent) applications are complete, and the Public-School Impact Applications (PSIA) pertaining to the applications are transmitted to BCPS for review. This process is to ensure that capacity is available at BCPS school facilities before the cited applications are approved and subsequently issued a building permit by the local governments. Subsequently, Broward County and the municipalities are required to provide quarterly reports to BCPS regarding the approval or denial of reviewed residential plat or site plan (or their functional equivalent) applications.

This Article contains numerous subsections. Thus, to assure efficiency and effective communication, please refer to the document titled "2023 Annual Report – Implementation of the TRILA Provisions" for the specific delineation of the requirements of each subsection.

Status of Compliance

Overall, the School Board, Broward County, and the municipalities satisfied the provisions in each subsection of this Article. However, the municipalities depicted in Attachment “D”, did not meet the provisions of **Subsections 8.2(a) and 8.7(a) of the Article**, which provisions are as follows:

1. **Subsections 8.2(a): Required Elements of Public-School Concurrency** - Broward County and the municipalities, within 90 days of the comprehensive plan amendments in accordance with the TRILA becoming effective, shall amend their respective Land Development Codes (LDC) and adopt the required PSC provisions, consistent with the requirements of the TRILA. Such amendment shall include the PSC management system outlining the development review process for proposed residential developments.

While the municipalities depicted in Attachment “D” failed to meet the provisions of both subsections, in the 2022 Annual Report, 13 municipalities did not meet this subsection. However, in this 2023 Annual Report, a total of 16 municipalities complied with the requirements of subsection 8.2(a), which is one additional municipality since the issuance of the 2022 Annual Report.

2. **Subsection 8.7(a): Commencement** - PSC described in the TRILA shall commence upon the comprehensive plan amendments related to the PSFE by Broward County and the municipalities becoming effective, and the execution of the TRILA by the parties identified in the TRILA.

The municipalities depicted in Attachment “D” failed to meet the provisions of both subsections. However, the status of efforts by the municipalities to meet the subsections are depicted under “Comments” in Attachment “D”. Additionally, the number of municipalities who complied with this subsection improved by one, since the issuance of the 2022 Annual Report.

Article IX: Collocation and Shared Use - General Summary of Requirements

The requirements of this Article are as follows:

1. During the preparation of the School Board’s DEFP, Broward County, and the municipality’s capital improvement plans, the School Board, Broward County, and the municipalities are encouraged to collocate school facilities with each other’s civic facilities, to enable the shared use of the facilities.
2. To enable the collocation/shared use of public school facilities with Broward County and the municipality’s civic facilities,
 - a. Broward County and the municipalities shall in January of each year, provide to the SWG, information on their public/civic facilities planned for inclusion in their five-year capital improvements plan that could potentially be collocated with public school facilities.
 - b. Upon receipt of the information, the SWG shall forward the information to BCPS.

- c. Likewise, Broward County and the municipalities shall examine the annually submitted School Board's Five-Year TDEFP provided pursuant to Subsection 4.1 of the TRILA, and include in the written comments back to BCPS, information regarding the potential public/civic facilities that could be collocated with planned new schools delineated in the Five-Year TDEFP.
- d. This requirement shall not prevent Broward County and the municipalities from providing information on collocation to the SWG throughout the calendar year.
- e. Information provided to the SWG and BCPS shall at the minimum include the planned type of public facility, acreage, and location/parcel map.
- f. Information provided shall be in hard copy and electronic copy.
- g. Upon receiving such information, BCPS shall organize meetings with the subject local government(s) to further pursue and work towards the collocation of the facilities.
- h. The entities shall notify the SWG of their efforts toward the collocation of the subject facilities.
- i. As part of efforts toward the collocation of such facilities in Broward County, the SWG shall include in its meeting agendas, an agenda item relating to the provision of information regarding the collocation of facilities as stated in the TRILA.
- j. Subsequently, the SWG shall in its report to the Oversight Committee, advise the Oversight Committee of ongoing efforts toward collocation, including information on certificates of occupancy to the School Board.

3. A separate legal agreement shall address each collocated facility.

Status of Compliance

In 2023, the School Board, Broward County, and the municipalities did not have any planned facilities that could be collocated. Additionally, this topic was listed in all 2023 SWG meeting agendas. Thus, the Signatories satisfied the provisions of Article IX.

Article X: Resolution of Disputes - General Summary of Requirements

This Article outlines how disputes between the Signatories regarding the Amended Agreement should be resolved.

Status of Compliance

Since the inception of the TRILA, and specifically in 2023, no dispute arose between the Signatories that needed resolution. Thus, the Signatories satisfied the provisions of Article X.

Article XI: Oversight Process - General Summary of Requirements

This Article requires the following:

1. The School Board, Broward County, and the municipalities shall each appoint five representatives to the Oversight Committee.
2. The municipalities shall appoint their five representatives to the Oversight Committee through a mutually agreeable process.

Status of Compliance

In 2023, the School Board appointed one (1) new representative to the Oversight Committee. Likewise, Broward County appointed no representatives to the Oversight Committee, while the municipalities appointed no representatives to the Oversight Committee. Therefore, the Signatories satisfied the provisions of Article XI.

Article XII: Special Provisions - General Summary of Requirements

The evaluation of this Article is not necessary.

Article XIII: Effective Date and Term - General Summary of Requirements

This Article requires the following:

1. The TRILA shall become effective upon the signatures of the School Board, Broward County, and at least seventy-five percent (75%) of the municipalities, which include at least fifty percent (50%) of the population within Broward County.
2. The TRILA may be canceled by mutual agreement of the School Board, Broward County, and the respective municipalities unless otherwise canceled as provided or allowed by law.

Status of Compliance

The TRILA has not been amended since it was last adopted by the requisite signatories in 2018. Therefore, the requirements of Article XIII were met by the Signatories.

Article XIV: Amendment Procedures - General Summary of Requirements

This Article delineates the procedure regarding amendments to the TRILA.

Status of Compliance

As stated in this Annual Report, the TRILA was amended in 2007, 2010, and 2018, and during each of the amendments, the signatories to the TRILA adhered to the procedure stipulated herein regarding

amendments to the TRILA. **Therefore, the Signatories to the TRILA met the requirements of Article XIV.**

C. CONCLUSION

The School Board, Broward County, and the 27 Municipalities during the period from January through December 2023 successfully complied with seventy-five (75) of the seventy-seven (77) specific measurable requirements of the Amended ILA but did not comply with two (2) specific measurable requirements. **The specific areas pertain to Municipalities that have not amended their comprehensive plans and LDRs to address provisions of the TRILA. Therefore, the cited specific areas need resolution.** However, the Signatories continue to make gradual progress toward resolution.

In conclusion, the resolution of the two (2) areas cited in this Annual Report may further the successful implementation of the Third Amended and Restated ILA in the future. Therefore, if these two requirements are met, the School Board, Broward County, and the 27 municipalities are expected to successfully comply with TRILA.

<p>(b) The following residential plats and site plans (or functional equivalent) shall be vested from the requirements of PSC: 1. Any residential plat or site plan (or functional equivalent) located within a previously approved comprehensive plan amendment or rezoning which is subject to a mitigation agreement in accordance with the following: (i.) The mitigation to address the impact of the new students anticipated from the development has been accepted by the School Board consistent with School Board Policy 1161, and; (ii.) A Declaration of Restrictive Covenant has been properly executed and recorded by the Developer or the development is located within a boundary area that is subject to an executed and recorded triparty agreement consistent with School Board Policy 1161 as may be amended from time to time. 2. Any residential site plan (or functional equivalent) that has received final approval, which has not expired prior to the effective date of public school concurrency.</p>	Ongoing	In 2023, the projects the School District reviewed that met the provisions of this Subsection are included in the list of reviewed residential projects contained in Attachments "G-1" and "G-2".	Attachment "E-1" depicts quarterly reports provided by Broward County to the School District regarding residential plat applications that were reviewed by Broward County. It also depicts information on approval or denial of the applications by the Broward County Commission.	Same as stated above

(b) 3. Any residential site plan (or functional equivalent) which is included within a residential plat or development agreement for which school impacts have been satisfied for the dwelling units included in the proposed site plan (or functional equivalent). Information regarding each residential site plan (or functional equivalent) shall be transmitted to the School District in a quarterly report. In the transmittal of such residential site plan (or functional equivalent) to the School District, the County or Municipality shall provide additional written information as required in the quarterly report to verify that the units in the application are vested. The County will provide the necessary information to the School Board and Municipalities to identify the vested plats and further specifics to be contained in the adopted land development regulations. As applicable, the Municipalities shall utilize the information provided by the County regarding the vested plat to complete information as required in the quarterly report.	Ongoing	In 2023, the School District received quarterly reports from the Municipalities regarding the site plan applications approved which met this Subsection. (See Attachment "F").	In 2023, all of the reports provided by the County to the School District indicated that no site plan applications were vested under this Subsection were approved.	In 2023, the School District received quarterly reports from the Municipalities regarding the site plan applications approved which met this Subsection. (See Attachment "F").

(a) Broward County, the Municipalities and the School Board shall ensure that the LOS established for each school type and CSA is maintained. No residential plat or site plan (or functional equivalent) application or amendments thereto shall be approved by the County or Municipalities, unless the residential development is exempt or vested from the requirements specified in Subsection 8.11 of this Amended Agreement, or until a School Capacity Availability Determination Letter (SCAD) has been issued by the School District indicating that adequate capacity is available. This shall not limit the authority of a Local Government to deny a development permit or its functional equivalent, pursuant to its home rule or governmental regulatory powers for reasons other than school capacity.	Ongoing	Documentation regarding the achievement and maintenance of the adopted LOS by the School District is contained in the LOS Plan, which is a component of the School Board adopted Five-Year DEFP. Also, the plat, site plan (or functional equivalent) applications reviewed by the School District in 2023 are depicted in Attachments "G-1" and "G-2".	Attachment "E-1" depicts quarterly reports provided by Broward County to the School District regarding residential plat applications that were reviewed by Broward County. It also depicts information on approval or denial of the applications by the Broward County Commission.	Attachment "E-2" depicts Municipalities that provided or did not provide quarterly reports during each quarter to the District regarding residential site plan (or functional equivalent) applications processed by the Municipalities, and formal action taken by their governing bodies on the applications.

(b) Any applicant submitting a plat or site plan (or functional equivalent) application with a residential component that is not exempt or vested under Subsection 8.11 of this Amended Agreement is subject to PSC and shall be required to submit a Public School Impact Application (PSIA) to the Local Government, for review by the School District including information called for in this Subsection.	Ongoing	Same as stated above.	Same as stated above.	Same as stated above.
(c) The Local Government shall ensure the applications for residential plat or site plans (or their functional equivalent) are complete and transmit them to the School District for review. Upon determination that the application is complete, the Local Government shall transmit the PSIA to the School District for review. This process does not preclude the Local Government from requiring that the applicant submit the PSIA directly to the School District for review.	Ongoing	N/A	Same as stated above.	Same as stated above.
(d) The School District will review the properly submitted and completed PSIA and verify whether or not sufficient capacity is available at the impacted CSA to accommodate students anticipated from the proposed development. The process for review of the application shall be as follows: 1. The School District shall review, on a first come, first serve basis, the completed PSIA. The SCAD Letter shall be sent to the applicant and the affected Local Government no later than thirty (30) days after receipt of the PSIA. 2. Notification shall be provided to the applicant and affected Local Government if the application is incomplete. 3. THIS SUBSECTION IS NOT NECESSARY FOR EVALUATION. (e) Student Generation Rates Calculation The determination of students anticipated from a proposed PSIA shall be based on the utilization of the effective, adopted and pertinent student generation rates contained within the Broward County Land Development Code (BCLDC). Update of the student generation rates shall be conducted at least once every three (3) years by the School Board in coordination with the County and Municipalities.	Ongoing/Three Year Update	The School Board has selected Alfred Benesch and Company (via RFP) as the consultant to conduct the Generation Rate/School Impact Fee (SGR/SIF) Study Update. The School Board approved the agreement with the consultant on November 22, 2022. A kickoff meeting was held on December 12, 2022, with the SGR/SIF Study Update Standing Committee (composed of municipal, county and School Board staff). The consultant already presented its initial findings on April 12, 2023, to the TRILA Oversight Committee, on June 1, 2023, to the Broward League of Cities, on June 8, 2023, to the Staff Working Group, and on June 22, 2023, to the Broward County Planning Council. 3. If it is determined that there is no capacity at the assigned school(s) as determined by the procedure described in Subsection 8.13(f)2 above because the projected growth from a residential development causes the adopted LOS to be exceeded in the subject CSA, the School District may, if practical, utilize pertinent options delineated in School Board Policy 5000, to be amended consistent with this Amended Agreement and as may be amended from time to time to ensure maximum utilization at the CSA. Otherwise, all of the CSA's immediately adjacent to the primary impacted CSA will be examined for available capacity before a determination letter is issued indicating that the development has satisfied PSC.	Ongoing	In 2023, the School District's Capacity Allocation Team (CAT) (the Group responsible for the allocation of available excess capacity from adjacent CSAs as called for in School Board Policy 1161) met 21 times to consider and allocate excess available capacity to 4 plat and 19 site plan applications reviewed by the District, which allocation concluded that capacity would be available from pertinent adjacent schools located in the same planning area to serve the subject development. 4. If necessary, the School District will reassign previously allocated adjacent capacity to achieve maximum utilization, except where such reassignment: (i.) Creates additional transportation cost impacts due to natural or physical barriers; or (ii.) Results in a violation of federal, State or School Board Policy.	Ongoing	In 2023, the School District did not reassign previously allocated adjacent capacity to achieve maximum utilization.	N/A	N/A

(c) If capacity projects are planned in years four (4) or five (5) of the School Board's adopted Five-Year DEFP within the same CSA as the proposed residential development, and if the School Board agrees, the Developer may pay his proportionate share to advance the improvement into the first three years of the adopted Five-Year DEFP to mitigate the proposed development in accordance with the formula provided herein.	Ongoing	In 2023, no developer proffered proportionate share mitigation.	N/A	N/A
(d) Guidelines for the expenditure of proportionate share mitigation funds towards permanent capacity identified in the adopted Five-Year DEFP, shall be as follows: 1. The School Board shall utilize monies paid by applicants, to provide needed permanent capacity at those schools identified in the District's development review report as being impacted by the development. 2. If site constraints or other feasibility issues make it impracticable for the School Board to provide the needed permanent capacity at the affected school(s) as delineated above, as feasible, the School Board will make efforts to provide the needed capacity at school(s) located immediately adjacent to the primarily impacted CSA(s) as found in the current Adopted Five-Year DEFP (s), thus relieving overcrowding at the primary identified impacted school(s).	Ongoing	Same as stated above	N/A	N/A
3. If disbursement of the mitigation funds is not possible as outlined above, the funds will be spent in the applicable school impact fee service area delineated in the adopted BCLDC in a manner that ensures that the impact of the development is still addressed at the primary affected CSA or an adjacent CSA. A Developer or Local Government receiving a SCAD Letter that indicates permanent capacity is not available may implement the applicable process outlined below.	Ongoing	None of the SCAD Letters issued by the School District in 2023 indicated capacity was not available.	N/A	N/A
(a) A Developer adversely impacted by a SCAD Letter made as a part of the PSC process may appeal such determination by written request to the School Board.	Ongoing	None of the SCAD Letters issued by the School District in 2023 were appealed by developers.	N/A	N/A
(b) If the School Board rules in favor of the Developer, School District staff shall issue a subsequent SCAD Letter based on the decision of the School Board. If the School Board does not rule in favor of the Developer or upholds the decision of District staff, the Developer may elect to pursue other appropriate measures.	Ongoing	None of the SCAD Letters issued by the School District in 2023 were appealed by developers.	N/A	N/A
(c) A Developer adversely impacted by a non-acceptance of proposed proportionate share mitigation made as a part of the PSC process may elect to pursue other appropriate measures.	Ongoing	In 2023, no developer proffered proportionate share mitigation.	N/A	N/A
(d) A Developer adversely impacted by a Local Government decision made as a part of the PSC process may appeal such decision using the process identified in the Local Government's regulations for appeal of development orders.	Ongoing	N/A	In 2023, no developer appealed a public school concurrency decision made by Broward County.	In 2023, no developer appealed a public school concurrency decision made by a Municipality.
(e) A Local Government adversely impacted by a SCAD Letter made as a part of the PSC process may initiate the process outlined in Subsection 10.1(a) of this Amended Agreement. If the issue cannot be resolved, the Local Government may appeal such determination to the School Board. If the Local Government is not satisfied with the decision of the School Board, the Local Government or the School Board may seek an advisory opinion from the Oversight Committee. COLLOCATION AND SHARED USE				
9.1 - During preparation of the DEFP and local government capital improvement plans, the School Board and local governments are encouraged to collocate school facilities with local government civic facilities to enable shared use of the facilities.	Ongoing	In 2023, The School Board staff did not identify and initiate any new collocation effort with municipalities.	Broward County staff did not identify any opportunity for new collocation in 2023.	No municipalities identified need for new collocation in 2023, via their SWG staff representatives.
9.2 - To enable the collocation/shared use of public school facilities with Local Government/civic facilities, the Local Governments shall in January of each year provide to the SWG information on Local Government public/civic facilities planned for inclusion in its five-year capital improvements plan that could potentially be collocated with public school facilities. Upon receipt of the information, the SWG shall forward the information to the School District. Also, the Local Governments shall examine the annually submitted School Board's Five-Year Tentative DEFP provided pursuant to Subsection 4.1 of this Amended Agreement, and include in the written comments back to the School District information regarding the potential public/civic facilities that could be collocated with planned new schools delineated in the Five-Year Tentative DEFP.	January of each year/ongoing	In 2023, the School District did not receive any information via the SWG regarding the new opportunities for collocation of future local government public/civic facilities. This is because the County and Municipalities indicated that there were no new public/civic facilities in their five-year capital improvements plan that could potentially be collocated with public school facilities.	In 2023, Broward County indicated that there were no new public/civic facilities in its five-year capital improvements plan that could potentially be collocated with public school facilities. N/A 1 = Under Effective Date of Comprehensive Plan Amendment indicates that the municipality's public school facilities element of the comprehensive plan references Broward County's plan regarding the Level Of Service (LOS) for PSC.

N/A 2 = Under LDC/Policy adoption date indicates that the municipality adopted Broward County LDC by reference or the municipality's LDC indicates compliance with Public School Concurrency (PSC) requirements consistent with TRILA, therefore, no LDC amendment is necessary.

* Comprehensive Plan Amendment which includes the Capital Improvement Element

** Per Local Government/School Board

*** The School Board of Broward County (SBBC), Florida is not a local governmental planning entity, as such it does not have a comprehensive plan

**** Indicates the approval date of SBBC Growth Management Policy 1161 to incorporate the requirements of TRILA

 Indicates municipalities that did not amend their Comprehensive Plan and/or LDC

AGENDA
NEW BUSINESS Non-Residential Site Plan Review Process

Meeting Notes

Main points

- Municipalities should amend their application checklist to require a SCAD letter for both residential and non-residential site plans.
- An interpretation document or policy interpretation is necessary.
- The School Board should establish clear criteria when conducting reviews.
- A timely response is needed from the School Board, as some municipalities may require an 8-day turnaround.

Limitation vs. no Limitation Approach

Limitation Approach (The aim is to specify categories of projects or restrict them to certain geographical locations.)

- Geographic limitations
- Filtering of site plans (develop a clear criterion for reviewing site plans and define types of plans to be reviewed).
- When a project falls within a public notice radius requirement, such as 100 to 500 feet, the applicant must provide a SCAD letter.

No limitation Approach

Regardless of the type of project and geographic location, a SCAD letter must be requested.

SUBJECT: 2023/24 BENCHMARK DAY ENROLLMENT COUNT

This memorandum provides the official school student enrollment to be used for statistical purposes, obtained on September 11, 2023. The benchmark enrollment count officially occurs on the Monday, or first school day thereafter, following the Labor Day holiday.

As can be seen in the attached appendices, the total enrollment for this year on the benchmark day was 251,106, representing prekindergarten through twelfth grade students enrolled in Broward County's 323 schools (137 elementary, 35 middle, 32 high and 9 combination schools, 16 centers, 7 Exceptional Student Education contract agency schools, and 87 charter schools). No new charter schools opened for the 2023/24 school year, while two charter schools closed and another two schools consolidated since the last school year's benchmark enrollment count.

As shown in Table 1, the benchmark enrollment count reflects an overall decrease in District school (not including charter schools) enrollment of 3,278 students from last year, with decreases in all levels except prekindergarten. District prekindergarten enrollment increased by 441 students, grades kindergarten through five decreased by 1,549 students, grades six through eight decreased by 1,413 students, grades nine through twelve decreased by 794 students, and center school enrollment decreased by 133 students. Detailed information on student enrollment by level is provided in Appendices A and B.

Appendix C reports demographic data for all District schools, including gender, race, Hispanic ethnicity, English language learners, student exceptionality, and students eligible to receive free or reduced lunches. “Hispanic” is reported as an ethnicity rather than a race in order to comply with the District adopted racial and ethnic diversity classification system mandated by the Florida Department of Education to align with the U.S. Census reporting format required by all federal reporting systems.

Appendix C.2 is provided to allow comparison of the current reporting of race to historical reporting formats, by listing the numbers of ethnically Hispanic and non-Hispanic members in each race category.

Appendix D reports enrollment by grade and level at all District schools and charter schools.

Appendix E reports the total enrollment for District schools, charter schools, and District and charter schools combined for the five-year period 2019/20 through 2023/24 at twenty-day intervals from the 1st through 180th day of school, including the 10th day and benchmark day enrollment counts.

Appendix F reports historical benchmark day enrollment for the five-year period from 2019/20 through 2023/24, by school, for all District and charter schools.

for Public School Facility Planning
Broward County, Florida**

Back-Up Agenda Items # 8.3

Sidewalk Recommendation Draft Comment

Recommendation

Section 7.10(a)(5) and 7.10(a)(7) of the Third Amended and Restated Interlocal Agreement for Public School Facility Planning (TRILA) allows Broward County Public Schools (BCPS) to make comments in the development review report it issues on proposed residential development applications, which states the need for the linkage of sidewalks and/or bikeways from the proposed residential development to BCPS campus, and provide for the safe access of the students to the school campus. Additionally, Ordinance XX of the City of XXXX, states as follows "XXXXXXXX".

This proposed residential development in this XXXX application is located within a 2-mile radius of the following BCPS campus/campuses: (campus/campuses names included here). Therefore, BCPS staff recommends that the applicant should be advised to construct or ensure the provision of sidewalks and/or bikeways from the subject proposed residential development, to the cited school campuses; and by so doing, would provide the opportunity for BCPS students to safely access the cited schools. Please note that BCPS staff have provided an ArcGIS shapefile to the City of XXXXX staff showing a two-mile radius around all BCPS campuses within their jurisdictional boundaries.

Recommendation Examples

Section 7.10(a)(5) and 7.10(a)(7) of the Third Amended and Restated Interlocal Agreement for Public School Facility Planning (TRILA) allows Broward County Public Schools (BCPS) to make comments in the development review report it issues on proposed residential development applications, which states the need for the linkage of sidewalks and/or bikeways from the proposed residential development to BCPS campus, and provide for the safe access of the students to the school campus. Additionally, **Ordinance 93-17, section 24-95(B)** of the **City of Oakland Park**, states as follows *"all plats shall include the construction of sidewalks in accordance with the City of Oakland Park Minimum Construction Standards unless specifically waived by the city commission. In addition, the city may require the installation of bikeways in plats adjacent to existing or planned bikeway systems."*

This proposed residential development in this **plat** application is located within a 2-mile radius of the following BCPS campus: **Lloyd Estates Elementary**. Therefore, BCPS staff recommends that the applicant should be advised to construct or ensure the provision of sidewalks and/or bikeways from the subject proposed residential development, to the cited school campuses; and by so doing, would provide the opportunity for BCPS students to safely access the cited schools. Please note that BCPS staff have provided an ArcGIS shapefile to the **City of Oakland Park** staff showing a two-mile radius around all BCPS campuses within their jurisdictional boundaries.
