III. Stakeholder Responsibilities

A. Student Support Initiatives & Recovery’s School Climate & Discipline (SC&D)

Department: Student Support Initiatives & Recovery’s professionals, in collaboration with other District departments, will create trainings for all staff members, Investigative Designees, Prevention Liaisons, students, families, and community stakeholders on this Policy and associated procedures to promote academic success, enhance resiliency, build developmental assets, and promote protective factors. These trainings will work to create a climate within each school and within the District that fosters the safety and respect of children and the belief that adults are there to protect and help them. Additionally, students and staff (including, but not limited to, school-based employees, administrators, district personnel, counseling staff and bus drivers) will be given the skills, training, and tools needed to create the foundation for preventing, identifying, investigating, and intervening when issues of bullying arise.

B. Schools: Each school principal shall:

1. Designate a Prevention Liaison to act as the SC&D contact and disseminator of all prevention related resources. These designees are key school-based personnel who will attend SC&D’s annual prevention training(s) and receive prevention and intervention methods and tools related to bullying/cyberbullying and other prevention issues that impact the school culture, safety, and well-being of students and staff. The Prevention Liaisons will also be part of a school-based team tasked with prevention and policy related efforts to address acts of violence and school safety. If a team does not already exist, it will be created by the Prevention Liaison. At minimum, this team should include staff members from administration, guidance, and instruction.
2. Designate an Investigative Designee(s) who is an administrator and the only individual(s) who shall receive and investigate bullying/harassment complaints other than the principal.
3. Implement this bullying and harassment policy in the prescribed manner that is ongoing through the school year and integrated within the school’s curriculum as well as bullying and violence prevention and intervention programs and efforts.

C. Community Resources: Student Support Initiatives & Recovery’s professionals, in collaboration with other District departments, will train a wide range of community stakeholders, for-profit, non-profit, Local, County and State law enforcement agencies, and faith-based agencies to provide the dissemination and support of violence prevention curriculums to students, their families, and school staff. This collaboration will make effective use of available school district and community resources while ensuring seamless service delivery in which each and every school and student receives an equitable foundation of violence prevention.

D. Evidence-Based Interventions and Curriculum: Student Support Initiatives & Recovery’s SC&D staff members will serve as the coordinators and trainers of prevention for all designated school staff and outside agencies/community partners. Those trained in Prevention (e.g., Prevention Liaisons, SC&D staff and community partners) will then collaborate as “violence prevention partners” to create a list of bullying prevention and intervention programs authorized by the district. The authorized list will include evidence-based interventions, curriculums, and proven programs to be utilized within schools and will provide instruction on identifying, preventing, and responding to bullying or harassment, including instruction on recognizing behaviors that lead to bullying and harassment and taking appropriate preventative action based on those observations to

students, parents, teachers, school administrators, counseling staff, and school volunteers. Student Support Initiatives & Recovery's SC&D will assist with the provision of prevention and evidence-based programs as funding allows.

E. Parent Participation and Partnership: Student Support Initiatives & Recovery's SC&D professionals, in collaboration with other District departments, will provide opportunities and encourage parents to participate in prevention efforts with their children in meaningful and relevant ways that address the academic, social-emotional and health needs of their children. The District will offer parents and parent association's trainings on violence prevention as well as knowledge of and/or opportunity to participate in any violence prevention initiatives currently taking place in their school via the District school website, Broward Education Communication Network (BECON), open houses, and parent/school newsletters. These trainings will provide resources and support for parents by linking them with internal supports as well as referral to community-based resources as needed.

F. Evaluation of Service Effectiveness: Evaluations to determine the effectiveness and efficiency of the services being provided will be conducted at least every three (3) years and shall include data-based outcomes. These findings will be used to modify trainings, curriculum and programs.

G. Accountability: The Superintendent, other district administrators, the Chief of School Performance & Accountability and his/her their staffs, as well as school principals, share accountability for implementation of these student support services consistent with the standards of this policy. These administrators will take steps to assure that student support services are fully integrated with instructional components at each school and are pursued with equal effort in policy and practice.

 - 2. Appropriate references to the policy in the Code of Student Conduct, Employee Handbooks, the school website, and/or through other reasonable means.

V. Disciplinary sanctions (consequences) and due processes for a person who commits an act of bullying under this policy.

- A. Concluding whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances, followed by the determination of disciplinary sanctions appropriate to the perpetrator's position within the District. The physical location or time access of a computer-related incident cannot be raised as a defense in any disciplinary action initiated.

1. Consequences and appropriate interventions for students who commit acts of bullying may range from positive behavioral interventions up to, but not limited to suspension, as outlined in the Code of Student Conduct, the Discipline Matrix, and this Policy.
 - a. All steps necessary to protect the victim from further violations of this policy will be taken, and may include, but are not limited to, assignment of the perpetrator to a different school from that where the offense occurred. Additionally, egregious acts of bullying by certified educators may result in a sanction against an educator's state issued certificate (Rule 6B-1.006 F.A.C.).
3. Consequences and appropriate intervention for a visitor, volunteer, or parent/guardian found to have committed an act of bullying shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.

The principal/administrative Investigative Designee shall use District Reporting Systems to log all reports and interventions.
