

# PARENT WEEKLY BULLETIN

## GROWING GREATNESS, ONE STUDENT AT A TIME

### DECEMBER 9, 2024

Greetings Griffin Families,

Light up Cooper City was amazing. It was great to see our may of our families there. Our Chorus did amazing. Thank you, Ms. Palmer. Chorus will also be performing this Thursday for the wrap party. Thank you to Student Council, Ms. Gallagan and Ms. Hammell for decorating the tree at the event. It looked beautiful.

Thank you to the parents for donating towards the toy drive. We appreciate your kind gesture. Due to the low participation, we are extending the deadline until Tuesday.

Last week the students took their iReady Math, diagnostic 2. You can check their results on the iReady site, under My Reports. If you do not see the results, that means your child did not complete the assessment.

Our school performance so far. We are right on track to meet our goal. Students At risk will be identified and we will be doing interventions. It is important for students to be at school every day (unless sick or special circumstances) and on time – 7:55 am. Intervention period is 8:10-8:40 -schoolwide. If your child is constantly late, they will miss important instruction. Students that do not need intervention – work on their personalized pathway. Teachers are working very diligently to ensure that every child gets the best instruction to be successful in their grade level and beyond. **Everyday counts!**

Students Assessed/Total: 516/551

Overall Placement

Placement By Domain

[The Mapping Between 5-Level and 3-Level Placements](#)

This week we will be taking IReady Reading and the Progress Monitoring 2 for Math. Busy mid-year testing week for all grade levels.
