

Bright Eyes Before & Afterschool Academy

@WestGlades Middle School

2024 – 2025

Welcome to Bright Eyes Before & Afterschool Academy. We are excited to be part of the Westglades MS Wolfpack!

At BEQCC, our programs for middle schoolers provide a safe and supportive environment where students can thrive beyond the regular school hours. We offer academic support to foster better study habits and enhance school performance. Our programs also create opportunities for socialization and essential life skill development, including teamwork, communication, and problem-solving. Through diverse activities such as sports, arts, and STEM, students can explore their interests and build confidence. Additionally, our structured environment promotes physical activity and creative expression, contributing to the overall well-being and balanced growth of middle schoolers.
