

Dear Broward County Public Schools parents and guardians,

Broward County Public Schools (BCPS) and the Parent Community Involvement Task Force are pleased to present a new series of Parent University webinars to provide families additional tools and support for the eLearning environment.

In the upcoming Parent University: Reflections, Resources and Best Practices series, three live webinars – divided by grade levels – will give attendees the opportunity to hear from a panel of parents, who will be discussing ways to manage the eLearning environment and sharing strategies to improve student engagement. A second panel of teachers and principals will provide tips and best practices to help students excel while learning from home. Participants will have opportunities to submit questions throughout the presentation to be addressed live by District staff.
