

Alumni, Friends, Family, Community Members, and Supporters of Nova High School Athletics and Activities

The Nova High School Department of Athletics and Activities fundraising campaign has started for the 2019-2020 school year. Our motto for this year's campaign is "*Level Up*". We are looking to raise funds that will help provide our students and athletes with the resources necessary to stay competitive in both academic and athletic competitions while providing positive educational opportunities and life experiences.

Budget resources at the State and District levels are very limited for athletics and activities, so the financial support from our Titan Family and fundraising is crucial to our overall school's success. We have set a goal of **\$250,000.00** to raise that will assure Nova High Schools students and athletes are prepared for the future.

Community partnerships and family support is a vital component to our school success both academically and athletically. We offer several sponsorship opportunities with various ways to show support for the Green and Gold. Please consider in sharing to assist our Nova High School Department of Athletics and Activities by participating in our 2019-2020 "*Level Up Campaign*". Any amount of support would be greatly appreciated. We look forward to another outstanding school year and we hope to see you at many of this year's events. On behalf of Nova High School, I thank you in advance. Feel free to visit our school website at [www.browardschools.com/novahigh](http://www.browardschools.com/novahigh). Lets Go Titans!!!

Best Regards,  
Jason Hively
