Dear Parents and Guardians of Incoming 9th Grade Students:

Congratulations! Your student will be going to high school!

Per new district registration guidelines for incoming ninth graders, you will be required to provide a valid, updated Florida Driver's License plus 2 proofs of residency. Thank you for working with your middle school to provide this information. Please be reminded that your proofs must include one document from each of the columns in the chart below:

All documents must be current, valid, and include the residential address used for enrollment.	
Please provide:	
<ol style="list-style-type: none"> 1) Valid Florida Driver's License with current address AND 2) 1 Document from Column A AND 3) 1 Document from Column B AND 4) Completed Registration Form (front and back) with signature 	
Column A (1 Document)	Column B (1 Document)
Property tax bill Homestead exemption card Deed Mortgage statement Notarized lease agreement	Utility bill (electric or water) Verification of Tenancy letter from the homeowners or condominium association

Florida Statutes §837.06 provides that whoever knowingly makes a false statement in writing with the intent to mislead a public servant in the performance of his official duty shall be guilty of a misdemeanor of the second degree. Florida Statutes §92.525 provides that whoever knowingly makes a false declaration under penalties of perjury is guilty of the crime of perjury by false written declaration, a felony of the third degree.

Re-registration is important because your student cannot attend classes until this process is complete. On February 16th, a Canvas course will be available to register your student through SSO. This course includes all registration presentations, information, and a location to upload all your registration documents. Please be sure to put your child's full name and student number on every document.

If you have questions, please contact the guidance office at Cypress Bay High School at (754) 323-0370.

Sincerely,

Debra Santoro
Assistant Principal
