

Transportation eligibility for students and stop information can be found via the Virtual Counselor system.

<https://www.browardschools.com/VirtualCounselor>

No Mailers will be sent out. If your child is eligible, stop information will be listed there as well. Once the District Bus Routers open the system, the information will be available for the parents and the school. Drivers will also have a list of all eligible riders so no “bus passes” will be necessary.
