

## English

This subject encourages lifelong enthusiasm for reading, writing and spoken communication. It equips learners with transferable language skills for interrogating and producing spoken or written texts, and working collaboratively. It also develops learners' confidence, creativity, and intellectual engagement.

## Global Perspectives

The program taps into the way today's students enjoy learning, including group work, seminars, projects and working with other learners around the world. The emphasis is on developing students' ability to think critically about a range of global issues where there is always more than one point of view

## Physical Education

Physical Education is about learning to move and moving to learn. Learners develop movement skills through a wide variety of age-appropriate physical activities, including games, team sports, gymnastics and dance. Students will improve coordination, flexibility, speed stamina and strength

## A Global Learning Community

With the Cambridge Pathway, your child is joining a global community of learners from more than 10,000 schools and over 160 countries. By developing a global outlook in Cambridge learners we aim to equip them for success in the fast-changing modern world.
