

Improve Your Password Security – ACTION NEEDED NOW

This document explains how to better secure your BCPS password and how to set recovery options should you ever forget the password. Remember students, the safest practice is to change your password at least every school year and then, as often as needed throughout the year.

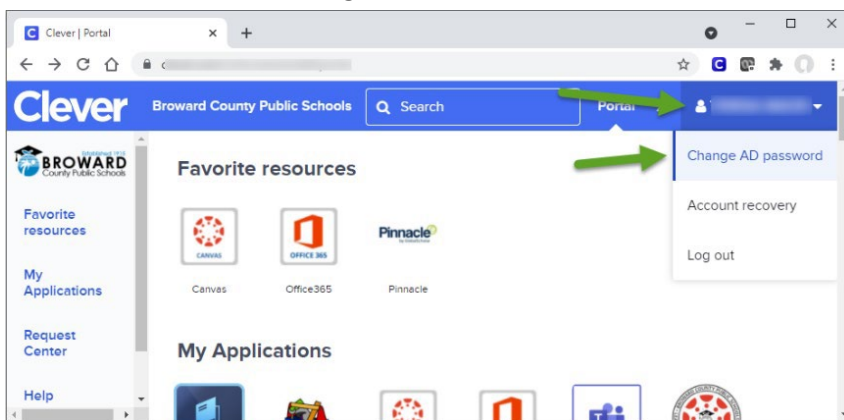

Please note that these instructions apply *anytime* you wish to change your BCPS online password. If you feel that your password may have been compromised, your password uses a piece of public information (such as your birthdate or school location number), or you have shared your password with someone other than a parent or guardian, we encourage you to change your password **now** using these instructions.

INSTRUCTIONS

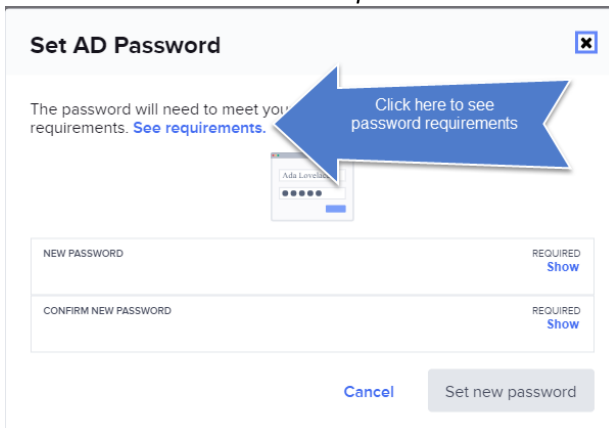

Step 1: Using any computer or phone (it does not have to be a District-issued computer), log onto <https://sso.browardschools.com>

Step 2: You should see the screenshot below. This is the “Clever SSO” page. Look on the top right (by the green arrows in the picture) for your name and click it to get the **Change AD Password** dropdown. Click **Change AD Password** and in the fields provided, enter and confirm a new password that is complex (minimum 8 letters, numbers, or symbols, in either upper case or lower case). *See Screenshot 2 below for more information on creating a password.*

Screenshot 1 – Clever SSO Page

Screenshot 2 — Password Requirements

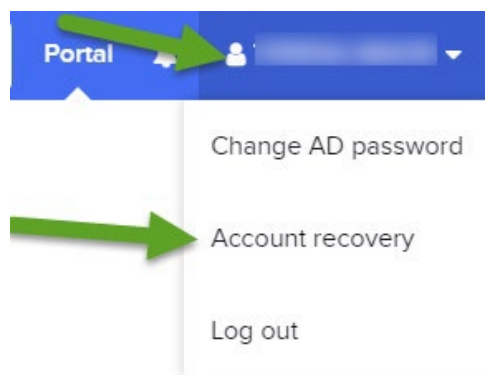

Step 3: Click the “Set new password” button to complete the process. Your BCPS online password has now changed! Whenever you access Clever SSO or other BCPS applications, use this new password. Please see page 3 for additional notes regarding your new password.

ACCOUNT RECOVERY OPTIONS

Keep your **Account Recovery** options up to date, so you can recover your own account if you ever forget your password.

To configure/change/remove Self-Service Account Recovery option(s), follow these easy steps:

1. Log in to Clever.
2. Select your name in the top right corner.
3. Select “Account Recovery” from the dropdown menu.
4. Select which of the Account recovery methods you want to set up/change/remove.

Select one or more of the following supported methods:

A screenshot of a dialog box titled "Set up account recovery methods" with a close button (X) in the top right corner. Inside the dialog, there is a message: "Make sure you can still access Clever if you forget your password. Choose one or more recovery methods." Below this message are three buttons: "Use a backup email address", "Use security questions", and "Use a text message (SMS)". At the bottom right of the dialog is a "Cancel" button.

Backup Email: Clever will send an authentication code to a backup (Non-School Board) email address the user has provided.

Security Question: Clever will prompt users to answer the security question that they set up.

Text Message: Clever will send an authentication code via text message to the cellphone number user have provided.

If you ever forget your password, click the “Recover your account” link on the SSO login page.

NOTES REGARDING PASSWORD CHANGES

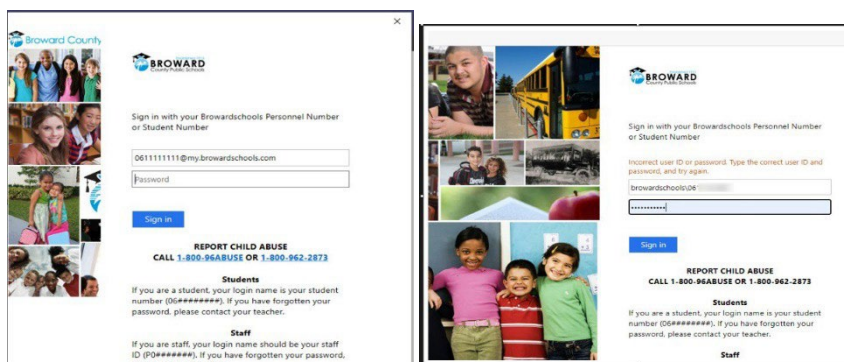

If you use a personal device, you'll use your new password from this point forward when accessing your SSO and other online resources. If you saved your password in the browser, you would need to update the saved password. See below for various messages that might appear regarding the updated password and the actions that should be taken.

If you use a school-issued device —The new password created in SSO will be used from this point forward both in the initial Windows login and in your SSO and other online resources. If you saved your password in the browser, you would need to update the saved password. See below for various messages that might appear regarding the updated password and the actions that should be taken.

You can ignore these first two messages: we'll be fixing them in the next steps:

Enter your newly chosen password if prompted. If you saved a password, you may see an orange "Incorrect user ID or password..." error, that is expected, enter the new password and click sign in

In the browser, when you click on items on your SSO page, only the first time, you may have the old password stored and it will prompt you for the newly created password. If you save the password in the browser, you may get a message to update the saved password, enter the new password, and click Update.

VIRTUAL COUNSELOR PASSWORD CHANGE / RESET OVERVIEW

Step 1) After the student logs into Virtual Counselor, they will see a “CLICK HERE” link that will allow them to change their password. If the link is not there, the student may need to select an item other than Absences from the dropdown, and then go back to Absences where they will see the link to change password. See the link boxed in the screenshot below:

The screenshot shows the top navigation bar with the Broward Schools logo, the text "BROWARD SCHOOLS VIRTUAL COUNSELOR", and "POWERED BY THE Broward County Public Schools DATA WAREHOUSE". On the right are "LOGOUT" and "PRINT" links. Below the navigation bar are two dropdown menus: "STUDENT INFO:" with "Absences" selected, and "INSTRUCTIONAL/SCHOOL LINKS:" with "-- Select Item --". A green callout bubble on the left says: "If the link doesn't show, click any other dropdown item here and then go back to Absences". Below the dropdowns, it says "WELCOME [REDACTED]" and "SCHOOL: STONEMAN DOUGLAS HIGH GR: 12". Under "STUDENT ABSENCE INFORMATION", a red-bordered box contains the text "CLICK HERE TO CHANGE YOUR PASSWORD."

Step 2) During a password change, they will be required to set up a reminder question and answer for account recovery purposes. If a password is ever forgotten, the answer provided must be typed exactly as during this setup, securely document it.

The student will enter and then verify a new password. Passwords must be at least 8 characters and contain both a letter and a number.

The screenshot shows the same top navigation bar as the previous screenshot. Below the dropdowns, it says "STUDENT PASSWORD CHANGE FORM". The form itself is a table with the following fields:

USER ID:	[REDACTED]
REMINDER QUESTION:	----SELECT A REMINDER QUESTION----
ENTER ANSWER TO YOUR SECRET QUESTION:	<input type="text"/>
ENTER NEW PASSWORD:	<input type="password"/>
VERIFY NEW PASSWORD:	<input type="password"/>
<input type="button" value="SUBMIT"/>	

Step 3) The student will receive this acknowledgment and can then click the link to continue in Virtual Counselor.

CONGRATULATIONS! YOUR PASSWORD HAS BEEN SUCCESSFULLY CHANGED.

Please make a note of the password you created and keep it in a secure location.
You will not be able to retrieve this information from the Virtual Counselor System.

[CLICK HERE](#) TO CONTINUE IN VIRTUAL COUNSELOR.

Step 4) If the student forgets their password and needs to reset it, they can choose this new link added to the login page:

USER ID OR STUDENT NUMBER:	<input type="text"/>
PASSWORD :	<input type="password"/>
<input type="button" value="SUBMIT"/>	

DON'T REMEMBER YOUR PASSWORD, THEN [CLICK HERE](#) TO RESET IT.

Step 5) In order to reset their password, the student will have to fill out some information, hit Submit, and then be able to answer their reminder question:

PASSWORD RESET FORM

If you forgot your password or would like to change it, please enter your information below to reset it.

PLEASE MAKE A NOTE OF THE PASSWORD YOU ARE CREATING FOR FUTURE REFERENCE.
YOU WILL NOT BE ABLE TO RETRIEVE THIS INFORMATION FROM THE VIRTUAL COUNSELOR SYSTEM.

STUDENT NUMBER:	<input type="text"/>
FIRST NAME:	<input type="text"/>
LAST NAME:	<input type="text"/>
<input type="button" value="SUBMIT"/>	

STUDENT PASSWORD RESET FORM

USER ID:	<input type="text"/>
SECRET QUESTION:	MAIDEN NAME OF MOTHER?
ENTER ANSWER TO YOUR SECRET QUESTION:	<input type="text"/>
ENTER NEW PASSWORD:	<input type="password"/>
VERIFY NEW PASSWORD:	<input type="password"/>
<input type="button" value="SUBMIT"/>	

[FILL OUT FORM TO RESET YOUR PASSWORD](#)

Step 6) If the student forgets their reminder question and cannot reset their password, contact the school. A tech or IMT at the school can open a ticket for the School Applications group at IT to assist with password reset.

Important Note: Students should never share their password, nor their reminder questions/answers with anyone **other than a parent/guardian**. Parents/Guardians please assist your student with selecting a password that you will also keep secured.
