

Extended Learning Opportunity

I am excited to inform you that your child has been selected to participate in an Extended Learning Opportunity. Selected students were identified to participate in this free online program based on their recent iReady Diagnostic or BSA data. With a little more support, these students can achieve grade-level learning gains. We are excited to work with students to maximize their potential. ELO classes will be taking place on select days, Mondays – Thursdays from 4:30 PM – 6:00 PM, and or on Saturday from 9:00 AM – 11:30 AM. All classes will take place online through Microsoft Teams, and are delivered by content area, certified teachers. Please see the message from your child's teacher located in their Canvas inbox for your student's individual schedule. If you have any questions or concerns, please don't hesitate to contact the school at 754-323-2900. Thank you for partnering with us as we work together to ensure your student's academic success. 😊
