**SUBJECT: 2012-13 TWENTIETH DAY ENROLLMENT REPORT BREAKDOWN**

This memorandum provides the official school student enrollment to be used for statistical purposes. Recall that this data was obtained on September 19, 2012, the twentieth day enrollment count. As can be seen in Appendices A through F, the total enrollment for this year on the twentieth day was 260,796 representing prekindergarten through twelfth grade students enrolled in Broward County's 315 schools (141 elementary, 42 middle, 33 high schools, 1 combination school, 15 centers, and 83 charter schools). We have 15 new charter schools for 2012-13, while 7 existing charters closed.

As shown in Table 1, the count reflects decreases in District prekindergarten, elementary, and middle school, and increases in high school and center school enrollment. District prekindergarten decreased by 63 students, elementary totals (K-5 only) decreased by 1,977 students, middle school totals decreased by 418 students, high school enrollment increased by 429 students and centers increased by 232 students. Charter school enrollment increased by 3,790 students over last year's enrollment. Detailed information is provided in Appendix A.
