

MUNICIPAL REPORT

For The Quarter Ending March 31, 2020 | FY20-Q3

PREFACE

We are pleased to present the updated Broward County Public Schools (BCPS) **School Spotlight** editions specifically designed for city administrators, city commissioners, council-representatives and Broward County School Board Members.

The School Spotlight is a quarterly report that details the progress of facilities projects at each of the 232 schools participating in the SMART Bond Program. This "City Edition" of The School Spotlight provides a municipal breakdown of all approved renovation projects, projected costs, School Choice Enhancement Program initiatives and other ongoing or scheduled SMART Program projects.

These easy-to-read School Spotlights allow board members and city officials to better follow the progress of the facilities improvements within specific municipalities. The Spotlights will be updated every quarter to help city officials and school board members share timely information with business groups, community organizations, homeowners' associations and other key constituents as ongoing SMART Program projects continue to progress.

SMART (Safety, Music & Art, Athletics, Renovation and Technology) is the \$800 million capital improvement program to upgrade existing school facilities and to purchase new computer technology, athletic equipment and musical instruments to enhance the learning experience of Broward County students.

COMMENTS:

Original contractual date of substantial completion is 12/6/2019. The project is currently delayed by four months due to grease trap design and installation and additional lift station work. Construction is being closely monitored to limit additional delays. Project is still scheduled to finish by the planned completion date.
