

# **MUNICIPAL REPORT**

For The Quarter Ending March 31, 2020 | FY20-Q3

### **PREFACE**

We are pleased to present the updated Broward County Public Schools (BCPS) **School Spotlight** editions specifically designed for city administrators, city commissioners, council-representatives and Broward County School Board Members.

The School Spotlight is a quarterly report that details the progress of facilities projects at each of the 232 schools participating in the SMART Bond Program. This "City Edition" of The School Spotlight provides a municipal breakdown of all approved renovation projects, projected costs, School Choice Enhancement Program initiatives and other ongoing or scheduled SMART Program projects.

These easy-to-read School Spotlights allow board members and city officials to better follow the progress of the facilities improvements within specific municipalities. The Spotlights will be updated every quarter to help city officials and school board members share timely information with business groups, community organizations, homeowners' associations and other key constituents as ongoing SMART Program projects continue to progress.

**SMART** (Safety, Music & Art, Athletics, Renovation and Technology) is the \$800 million capital improvement program to upgrade existing school facilities and to purchase new computer technology, athletic equipment and musical instruments to enhance the learning experience of Broward County students.

Reason: Delay in Design has occurred due to duration of time for resubmission of the construction documents to the Building Department. Additionally, the designer is requiring more submittals to receive a Letter of Recommendation for Permit that was originally scheduled. Remedy: The owner will be enforcing terms of the contract for delays and multiple resubmissions. Correction: Completion percentage corrected. Project is 5% complete, with delivery method for construction changed to bidding process.
